NORTH CAROLINA
Turnpike Authority

Preferred Alternative DSA 9
Gaston East-West Connector
NCDOT STIP Project No. U-3321

NOTE: The Detailed Study Alternative, (DSA), the light yellow area on the map, is a 1,400 foot wide corridor (with larger areas around interchanges). The preliminary engineering designs for the road have a minimum right-of-way width of 300 feet and are located within the corridors. Go to www.ncturnpike.org/projects/gaston, for a detailed look at DSA 9.
