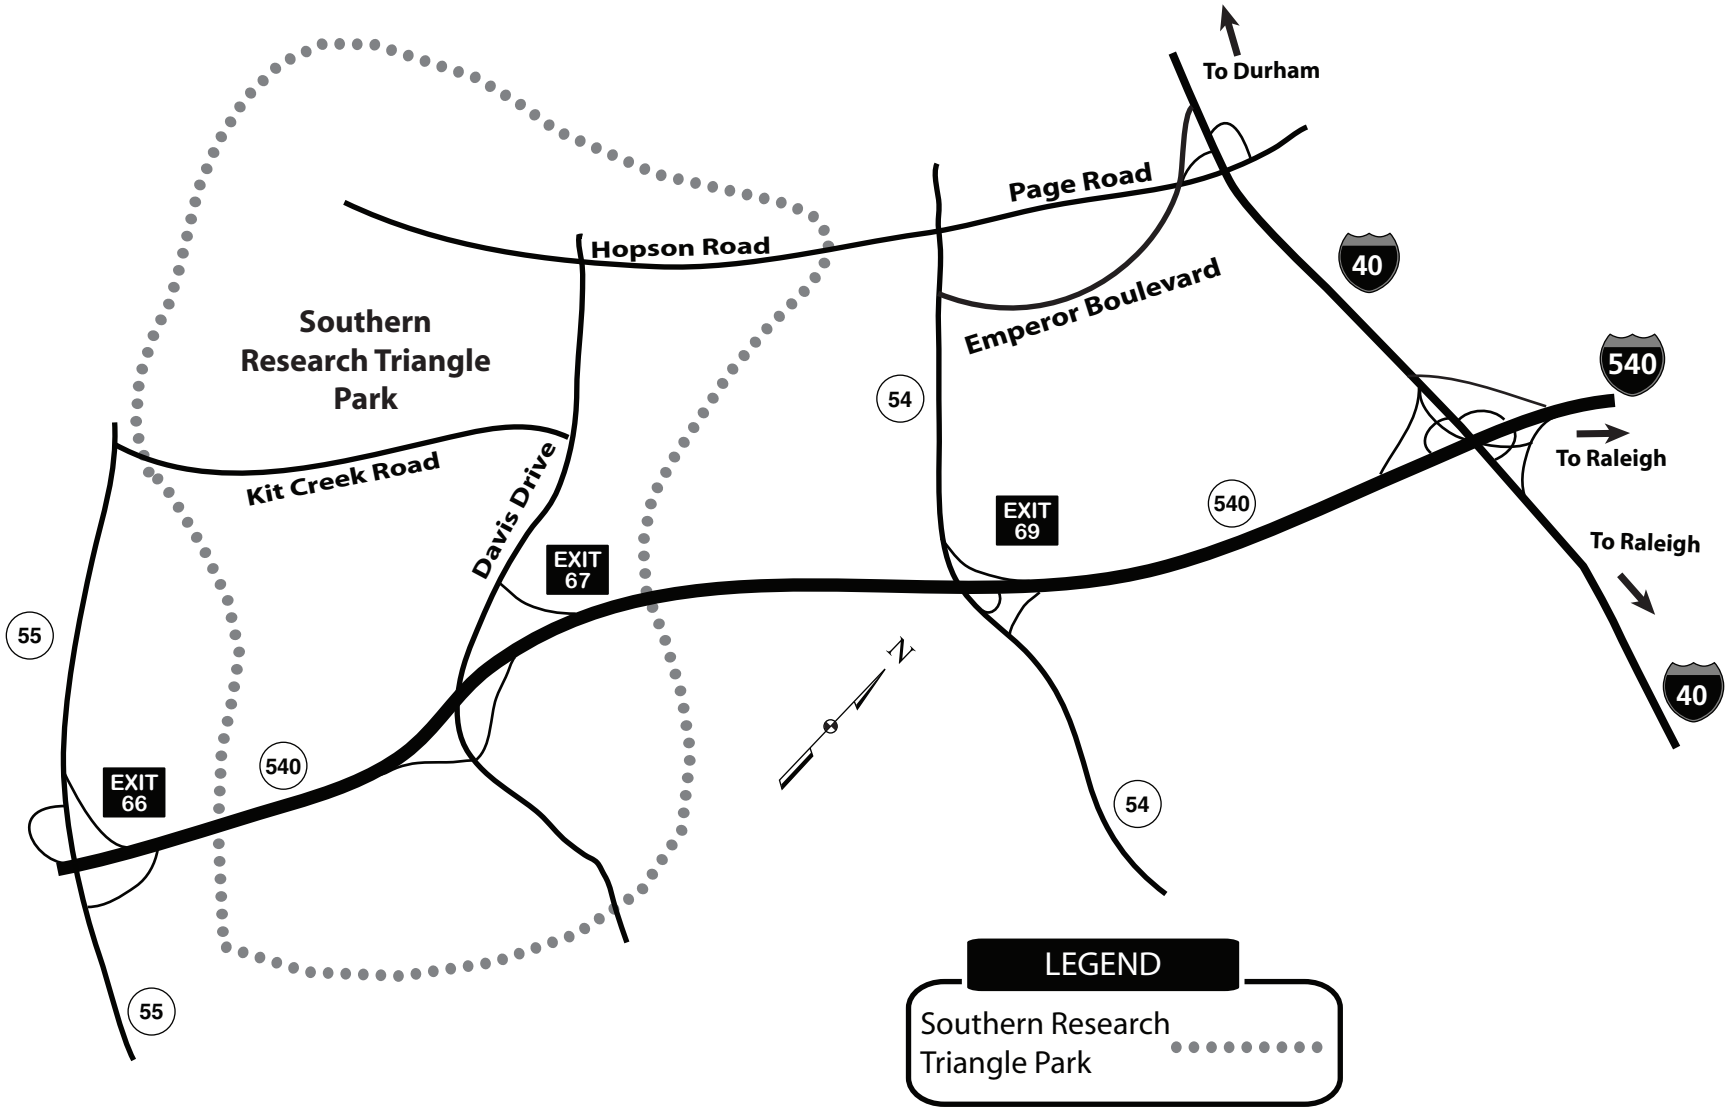
Improved Access to the Research Triangle Park (RTP)


Due to the opening of a new section of N.C. 540 between I-40 and N.C. 55, motorists now have a quicker, less congested route to access businesses in the South Research Triangle Park area. Instead of getting onto I-40 from I-540, NCDOT reminds motorists they can continue west on N.C. 540 and use N.C. 54 (Exit 69), Davis Drive (Exit 67) or N.C. 55 (Exit 66) to access RTP.
