

N.C. Governor's Highway Safety Program 2010 Points System

The Governor's Highway Safety Program's Points System encourages participation at GHSP-sponsored events and highway safety initiatives. Enhancements to the Points System will now allow for better point verification and a streamlined submission process.

Below you will find the Points System breakdown criteria for which your agency can receive points and a list of rewards you are eligible for based on your total points.

All submission forms are subject to review and approval by the GHSP staff to ensure accuracy. For clear definitions of the point earning activities, see the definitions below.

- In order to receive points, you must complete a GHSP Point Submission Form, which is available online on our web site at: <http://www.ncdot.gov/programs/GHSP>. Click "Points System" and login with your online reporting username and password.
- The point year will be based on GHSP's grant fiscal year, which means that the 2010 Points System year will begin Oct. 1, 2009, and end Sept. 30, 2010.
- Points can be carried over year to year, but can only be cashed in or redeemed once each year.
- There is a four day-time traffic safety checking station limit for which an agency can receive points in a given month; however, during the month of May, is waived to encourage agencies to participate before, during and after "Click It or Ticket."
- A sign-in sheet will be available at all GHSP-sponsored activities; therefore, you will not have to complete a submission form. Make sure a representative from your agency signs in at these events.
- GHSP keeps track of online reporting, therefore, a submission form is not necessary to receive points for online reporting.
- Declined submissions show explanations in the notes block. Submissions that can be amended with correct data can be re-submitted for approval. All blocks must be complete and accurate, so double-check before you submit!
- **Attention Grant-Funded Agencies:**
 - All grant-funded agencies are required to meet the minimum requirements of their contract. Funded agencies will only receive points for those activities that are completed beyond those included in your grant contract.
 - You need to submit points for **EVERYTHING**. GHSP will deduct 1,000 points at the end of the year based on your contract.

Redeemable Items	Points Needed
