NOTE:
To provide greater visual clarity existing and proposed utilities are not shown on this map but are shown on other maps. The utility information shown on these maps is limited to locations of major existing or potential utility easements. Utility locations shown on this map are preliminary and subject to change.

NOTE:
The limits of construction and the potential impact area shown on this map are subject to change as further design work and public involvement occurs. This includes conceptual designs and preliminary survey information. During the final design stage efforts to minimize impacts, based on field survey and more detailed public information. Driveway locations will also be determined during final design.
