**July 10, 2008**

### **Call to Order**

Chairman Galyon called the meeting of the Board of Transportation to order at 9:05 a.m., Thursday, July 10, 2008 in Raleigh, North Carolina with the following members present:

Blount, Burrell, Campbell, Collier, Cowell, Dennis, Dunn, Galyon, Kindley, Lakey, McRae, Perkins, Sewell, Spaulding, Thornburg, Tulloss, White, Wilson

Member Szlosberg was absent.

### **Invocation**

The invocation was offered by Board Member Collier.

### **Ethics Statement**

Chairman Galyon read the Ethics Statement advising any Board Member that may have a conflict of interest or appearance of conflict to abstain from participation in that particular item and to file the proper paper work with the Secretary to the Board.

### **Approval - Minutes of June 5, 2008 Board Meeting**

The minutes of the June 5, 2008 Board of Transportation Meeting were unanimously approved upon a motion by Board Member Blount and was seconded by Board Member Sewell.

## Approval - Award of Highway Construction Contracts in the June 17, 2008 Letting

Director of Preconstruction Debbie Barbour reviewed projects advertised in the June 17, 2008 letting, noting on the basis of the low bids received that 13 projects would cover all the work in the letting. After review of the projects, the following actions on award of contracts were taken:

- (1) On Project C201960, B-5019, Perquimans County, the Board rejected all bids. Project will be re-advertised.
- (2) On Project C202104, I-4908BB, McDowell County, the Board rejected all bids. Project will Be re-advertised.
- (3) Upon a motion by Board Member Burrell, seconded by Board Member Thornburg, the vote was unanimous to award the contracts on the remaining highway construction contracts to the respective low bidders.

Award of all contracts covering the use of Federal-aid highway funds is subject to concurrence by the Federal Highway Administration.

**Approval - Award of Contract to Private Firms for Engineering Services  
Asset Management**

Pursuant to the recommendation of Daniel Keel, Operations Program Manager, a motion was made by Board Member Lakey, seconded by Board Member Dennis, and the vote was unanimous to award the following contract. Award of contracts is subject to approval by the Advisory Budget Commission pursuant to G.S. 136-28(f).

After careful evaluation of the workload and schedules of the work that can be accomplished by our State Road Maintenance Staff, it was determined necessary to employ a private firm for additional support services for our Department to obligate available funds. Our staff was authorized to proceed with the actions required to employ a private engineering firm in accordance with the policies and procedures adopted by the Board on April 7, 2005. This is a supplemental contract to a previous contract approved by the Board with the same engineering firm. This supplemental contract is necessary due to approved additional work that was unknown at the inception and is required of the firm to complete the project.

**Approval - Award of Contracts to Private Firms for Engineering Services  
Field Operations**

Pursuant to the recommendation of Terry Canales, State Business Management Engineer, a motion was made by Board Member Lakey, seconded by Board Member Dennis, and the vote was unanimous to award the following contracts. Award of contracts is subject to approval by the Advisory Budget Commission pursuant to G. S. 136-28(f).

As required by GS 136-28.4 and 49 CFR Part 26, the Department shall review its budget and establish annual aspirational goals, not mandatory goals, in percentages, for the overall participation in contracts by Disadvantaged Minority Enterprises (DBEs), Minority Business Enterprises (MBEs) and Woman Business Enterprises (WBEs). After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary for the Construction Unit to employ a private firm to keep the study and determination as unbiased as possible. The firm will look at how the Department's rules, policies and procedures give equal opportunity for contracts and they are let without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition. Through this study, an annual aspirational WBE and MBE goal will be determined for the Division of Highways, and an annual aspirational DBE goal will be determined for the following divisions: Division of Aviation, Division of Public Transportation and Division of Highways. This contract is in accordance with the policies and procedures adopted by the Board on April 7, 2005.

After careful evaluation of the workload and schedules of the work that can be accomplished by our Human Environment Unit Staff, it was determined necessary to employ private firms to conduct planning activities for our Department to obligate available funds. These contracts will expire after four years from the date of execution or whenever the contract has been deleted, whichever occurs first. Our staff was authorized to proceed with the actions required to employ private engineering firms in accordance with the policies and procedures adopted by the Board on April 7, 2005.

**Approval – Public Transportation Program**

Following the recommendation of Miriam Perry, Director of Public Transportation Division, a motion was made by Board Member Cowell, seconded by Board Member Dunn, and the vote was unanimous with the exception of Board Member Spaulding who abstained from

voting on Project 05-03-065-01 with the City of Durham, to allocate funds to the following projects:

### **Community Transportation Program**

The Community Transportation Program (CTP) is designed to enhance the provision of human service and rural general public transportation in North Carolina. The CTP is consistent with the Department of Transportation's goal to develop an efficient, effective, safe, reliable and convenient rural public transportation program that affords all North Carolinians with mobility choices and the opportunity to improve their quality of life. To achieve this goal, administrative funds will be provided to each community transportation system across the state to manage these services.

State Human Service Transportation Management Program funds and Rural Capital Program funds, state matched with local funds, will be used to cover the administrative and capital costs for community transportation systems that operate in the state's urban counties and those systems that provide only human service transportation. State and federal funds will be used to support the administrative and capital needs of 10 community transportation systems.

This is to request Board of Transportation approval to provide state and federal funds totaling \$1,366,607.00 to the projects as specified below.

**Division 5**

<p>Project No. <b>Wake County</b> (operating as Wake Coordinated 09-US-063 Transportation Service) provides community transportation services to eight human service agencies and to the general public through subscription, brokerage, and dial-a-ride routes. The system operates with 43 vehicles, 36 of which are lift-equipped. Capital Area Transit is represented on the WCTS Transportation 09-SC-063 Advisory Board and WCTS is represented on the MPO's Technical Coordinating Committee. WCTS also refers agencies to Capital Area Transit to purchase bus passes for clients when applicable. Wake County will purchase one lift-equipped 25-FT light transit vehicle and six lift- equipped vans to replace similar vehicles that have met their useful service life; a radio base station, mobile and hand held radios will be replaced to complement the Wake County Radio System upgrade project being launched this year.</p>	<p>Administration \$403,232 Total 342,747 State 60,485 Local</p> <p>Capital \$473,195 Total 425,875 State 47,320 Local</p>

This project will be funded in accordance with Senate Bill 1005 that was ratified by the North Carolina General Assembly and authorizes the Department of Transportation to use Trust Fund balances for public transportation projects.

**Division 12**

<p>Project No. <b>Western Piedmont Regional Transit Authority</b>          09-CT-080 (WPRTA), newly formed regional transit authority—          created by Counties of Alexander, Burke, Caldwell, and          Catawba and Cities of Hickory, Newton, and Conover—          will assume operation of the transit service for the region          on July 1, 2008. WPRTA operates a combined urban          and rural transit system providing community          transportation services to 21 human service agencies          and to the general public through subscription, fixed          routes, deviated fixed routes, and dial-a-ride routes. The          rural service operates with 52 vehicles, 26 of which are          lift-equipped. The urban service operates with five          buses, two 25-FT light transit vehicles, and three ADA          paratransit vans, all of which are lift-equipped. WPRTA          will purchase five lift-equipped vans, one minivan, and          one lift-equipped 22-FT light transit vehicle to replace          similar vehicles that have met their useful service life.          The period of performance for this project will be          July 1, 2008 – June 30, 2009.</p>	<p>Administration          \$204,480 Total          163,584 Federal          10,224 State          30,672 Local</p> <p>Capital          \$285,700 Total          228,560 Federal          28,570 State          28,570 Local</p>

## Approval – Rail Program

Following the recommendation of Pat Simmons, Director of the Rail Division, a motion made by Board Member Cowell, seconded by Board Member Dunn, and the vote was unanimous to allocate funds to the following projects:

Town/County Division	Project Description	Estimated Cost
1. Statewide	Rail Maintenance of Rail Infrastructure Funds are needed to reinstate intermodal rail service on the CSX rail line between the Port of Wilmington and Charlotte. The project will increase several structural and utility clearances to allow transport of doublestack intermodal trains. The Ports Authority and CSX have agreed to share the \$200,000 project cost: 25% (\$50,000) from NCDOT 25% (\$50,000) from Ports Authority 50% (\$100,000) CSX The requested \$50,000 will be provided through a rail revitalization grant to the Ports Authority. <b>WBS 42228</b>	\$50,000
2. City of Statesville Iredell County Division 12	Rail Environmental & Planning Funds are needed to undertake property acquisition within the Municipality for the purpose of developing a Statesville train station. This is necessary to preserve property required for implementing passenger service between Salisbury and Asheville as recommended in the March 2001 Western North Carolina Passenger Rail Study. Funds will be used for property purchase and other acquisition costs. Total estimate cost is \$550,000. <b>WBS 42051</b>	\$550,000
3. City of Goldsboro Wayne County Division 4	Rail Environmental and Planning Funds are needed to purchase property for connecting track and a bus maintenance facility in support of the Goldsboro Multimodal Station. The Southeastern North Carolina Passenger Rail Study dated June 2005 recommended that needed right of way be purchased for both Raleigh to Wilmington routes to preserve the option for service until federal funding was available to implement the services. Total estimated cost is \$200,000. <b>WBS 42073</b>	\$200,000

#### **Approval – Yancey County Comprehensive Transportation Plan**

Mike Bruff, Branch Manager of Transportation Planning, advised that the Transportation Planning Branch has worked cooperatively with Yancey County and participating municipalities to develop a Comprehensive Transportation Plan for the County. The Plan is based on an analysis of existing and projected travel, land use, public involvement and field investigations of recommended improvements.

Yancey County adopted the Plan on March 11, 2008. The Town of Burnsville adopted the Plan on April 3, 2008. The Plan has also been coordinated with, and endorsed by the High Country RPO on May 21, 2008.

Accordingly, on a motion by Board Member Wilson, seconded by Board Member White, the Board approved the Yancey County Comprehensive Transportation Plan.

## **Approval – North Carolina Turnpike Authority Annual Plan of Work**

Following the recommendation of Board Member Cowell, seconded by Board Member McRae, the following was approved:

The North Carolina Turnpike Authority (NCTA) is required by our enabling legislation and by the Master agreement with the Department of Transportation (NCDOT) to prepare an Annual Plan of Work (APW) for submission to NCDOT. This APW is in effect NCTA's project and administrative budget for the upcoming fiscal year, and as such, has been approved by the NCTA Board. The period covered by this budget is the State Fiscal Year 2009, beginning July 1, 2008 through June 30, 2009.

As established in 2006, the project budget portion of the APW is funded from the Division budget.

In April, NCTA sent this material to DOT Fiscal for review and to each of the affected board members the proposed project budget for the NCTA project(s) in their area. This material described the work and the funds impact on the Division Budget.

The following tables summarize the budget requests.
