Call to Order

Chairman Curran called the meeting of the Board of Transportation to order at 8:33 a.m. Thursday, April 7, 2016 in Raleigh, North Carolina with the following members present: Fearing, Overholt, Blount, Fountain, Lennon, Tulloss, Sheehan, Crawford, Hutchens, McQueary, Molamphy, Alexander, Perkins, Palermo, Wetmore, Brown and Debnam.

Board Member Dodson was absent.

Invocation

The invocation was offered by Board Member Tulloss.

Ethics Statement

Chairman Curran read the Ethics Statement advising any Board Member that may have a conflict of interest or appearance of conflict to abstain from participation in that particular item and to file the proper paper work with the Secretary to the Board.

Approval – Minutes of the March 3, 2016 Board Meeting

The minutes of the March 3, 2016 Board of Transportation meeting were unanimously approved upon a motion by Board Member Overholt, seconded by Board Member Blount. Board Member McQueary abstained from voting.

Chairman Curran’s Remarks

Chairman Curran welcomed everyone and turned the meeting over to Secretary Tennyson.

Secretary Tennyson’s Remarks

Secretary Tennyson welcomed special guests and thanked everyone for attending.

He noted this time of year marks the beginning of our construction season, and as work ramps up across the state, Governor McCrory has proclaimed April as both Distracted Driving Awareness Month and Work Zone Safety Awareness Month. The week of April 11th through 15th is also designated as Work Zone Safety Awareness Week. He encouraged everyone to be careful as they travel throughout the state to avoid distractions and also be aware of crews working along our roadways. The safety of both travelers and workers is always top priority.

Secretary Tennyson recognized a few new team members who play critical roles in our agency’s mission. He introduced Charles Edwards, the new Director of Freight and Logistics Planning. Prior to assuming his current position, Charles was the Executive Director of the North Carolina Center for Global Logistics. The Center was dedicated to the expansion of logistics education programs from high school to graduate school throughout North Carolina and provided instruction, outreach, and
logistics-focused advisory services to businesses, government agencies and the military. Charles began his career in the logistics industry as a truck driver. He was on the senior management team of the North Carolina-based airline that started United Parcel Service Airlines. He helped introduce an innovative container to the international airline industry, managed a commercial airport, led the development of the world's largest air vehicle, and has been a senior advisor to public and private aviation and logistics projects in the United States, Europe, Africa, Southeast Asia and the United Arab Emirates. The facilitation of seamless freight movement and logistics continues to be one of our most important responsibilities, and we are fortunate to have Charles overseeing these efforts.

The Secretary introduced Patrick Norman, the new Planning and Programming Division Director. Patrick has been with NCDOT since 2001. Since that time he has served in a variety of capacities including Assistant District Engineer, County Maintenance Engineer, District Engineer, Division Operations Engineer and most recently Transportation Planning Branch Manager.

He introduced Van Argabright, the new State Transportation Improvement Program and Feasibility Studies Manager. Van has been with NCDOT for over 21 years, and was most recently the Unit Head for the STIP Western Region. In addition to STIP programming, his NCDOT experience includes long-range transportation planning and value engineering.

Secretary Tennyson expressed regret that we have one very valuable team member to say goodbye to this month and asked Shelley Blake to please come forward. After serving as NCDOT's General Counsel and Deputy Secretary for three years, Shelley will be leaving to become the General Counsel for GoTriangle, the transportation organization focused on transit and other commuter options in the Triangle region. He said her dedication, leadership and outstanding legal expertise have served the department well. Shelley’s work helped move a number of critical transportation projects forward, including most notably negotiating the settlement agreement for the Bonner Bridge replacement project.

NCDOT has had many team members and partners involved with this project over the years and he thanked everyone who has played some part in making it a reality. He said Shelley’s knowledge and experience will be a valuable asset to both GoTriangle and the department as NCDOT continues to work closely with that organization. Secretary Tennyson thanked Shelley and presented her with the Road Gang Award in recognition of her outstanding work and service to the department.

The Secretary said there were several significant milestones this past month and chief among them was the long-awaited groundbreaking for the new Bonner Bridge. The current bridge had a design life of only 30 years, but thanks to 21st century advances such as the use of high-performance concrete, stainless reinforcing steel, and longer, deeper pilings, the new and improved Bonner Bridge is designed to last for a century. It will be the first bridge in the state built using stainless reinforcing steel that will provide additional protection from the harsh coastal elements and help reduce maintenance costs. In addition, the longer and deeper pilings will eliminate concerns with scour. He said another key improvement includes 8-foot shoulders.
that will enhance safety on the bridge and an increased number of navigational spans—from one up to seven—that will provide more options for boats to cross under the bridge.

Secretary Tennyson said a lot of people were involved in getting this done for the state and wanted to recognize a few of them by presenting them with shovels used at the ceremonial groundbreaking. He presented shovels to Chairman Ned Curran, Board member Malcolm Fearing, Shelley Blake, Mike Charbonneau, Rodger Rochelle, Jerry Jennings, and Brian Yamamoto. The Governor’s shovel will be presented at another time since he could not be here today.

The Secretary said we celebrated another milestone with the installation of the first Future Interstate sign on a section of the U.S. 70 Goldsboro Bypass that is currently under construction. Gus did a great job as our event emcee. The future interstate designation for the U.S. 70 corridor, along with the future designation of U.S. 64/17, was included in the FAST Act and had strong support from the entire Congressional delegation, as well as from state and local leaders. Both of these designations are also part of the Governor’s 25-Year Vision and are very important to the future of North Carolina. Improving the U.S. 70 corridor will not only enhance regional mobility, but it will also strengthen military connections and facilitate better freight movement to and from our ports and the Global TransPark. Interstate connections open the door to new opportunity and are a powerful tool in the recruitment and retention of business and industry—so this is a critical step for this region and its economic future, in addition to being a significant transportation milestone.

The Secretary and Chairman Curran had the chance to discuss the importance of transportation investment at the Charlotte Chamber Transportation Infrastructure Summit held last month. The summit was followed by a roundtable on Charlotte’s freight economy hosted by Federal Highway Administrator Greg Nadeau, where issues critical to enhancing freight movement in Charlotte and across our state were discussed.

The following week the Rail Division, along with the NC Triangle Chapter of the Women’s Transportation Seminar, hosted the Southeast Rail Forum in Charlotte, which brought together representatives from Virginia, North Carolina, South Carolina, Georgia, Florida and the District of Columbia to talk about a variety of topics related to high-performance passenger, intermodal and freight rail. U.S. Secretary of Transportation Anthony Foxx and Federal Railroad Administration Executive Corey Hill also participated in the forum.

NCDOT continues to be a national leader in a lot of different areas, and the whole team and this board should be proud of the ways NCDOT is serving as a model for our counterparts in other states. Earlier this month NCDOT hosted a workshop regarding the Strategic Transportation Investments Law and project prioritization for representatives from the Kentucky Transportation Cabinet who asked to come here to learn more about our new process.

The Secretary spoke at the Welcome Session of the 2016 GIS Transportation Symposium on Tuesday morning. This event is hosted by our GIS unit and is sponsored annually by the American Association of State
Secretary Tennyson said another area where we continue to serve as a national model is in our Wildflower Program. This program began back in 1985, and former First Lady Dottie Martin is credited with initiating the idea. Today the program remains one of our most popular initiatives, and we receive hundreds of comments each year in praise of our wildflower plantings. These plantings play an important role in keeping our roadsides attractive and making our state an appealing place to live, work and visit. Agriculture and travel/tourism are two of our state’s most important industries, and this program plays a central role in supporting both of them.

Wildflower beds are installed and maintained by Roadside Environmental Personnel in each of our 14 divisions across the state, and each year we honor their efforts with the Wildflower Awards. They all do an outstanding job as you will see in a moment, and we’re pleased to have the opportunity to recognize their hard work and contributions to our state. The Garden Club of North Carolina is the lead sponsor of the Wildflower Program, and we appreciate their taking the time to judge our work and to help present these awards.

Secretary Tennyson introduced and welcomed Roadside Environmental Development Chair, Pat Cashwell, from the Garden Club. He thanked her for their support of this important program. He thanked State Roadside Environmental Engineer Don Lee for his leadership in making this program and other roadside initiatives a success.

**2015 Wildflower Award**

Don Lee thanked the Secretary for his support and the support of NCDOT leadership and the Board of Transportation. In 2015, North Carolina celebrated 30 years of the NC Wildflower Program. He thanked First Lady, Dottie Martin, Gov. Martin and Secretary Jim Harrington for supporting the department in starting the NC Wildflower Program and recognized Berry Jenkins as the founding leader for the Awards Program. He said NC is a very special place, and our Wildflower Program supports the vibrant travel and tourism industry, economic development, and pollination services for NC agriculture.

The W. D. Johnson Daylily Award winners for the 2015 calendar year are 1st place to Division 5 I-85 Welcome Center in Warren County and 2nd place to Division 13 I-240 in Buncombe County.

The 1st place 2015 Wildflower Awards for the Eastern Region goes to Division 4, US-64, Martin County and the 2nd place winner is Division 1, US-64, Martin County. For the Central Region 1st place goes to Division 10, NC 24 Old Concord Road, Mecklenburg County and 2nd place to Division 7, I-40 Mt. Hope Church Road, Guilford County. For the Western Region 1st place goes to Division 12, I-85 Welcome Center, Cleveland County and 2nd place to Division 13, I-40 / US-25, exit 50, Buncombe County. The 1st place winner for Best Overall Wildflower Award goes to Division 13 and 2nd place to Division 11.

Don Lee thanked Mrs. Cashwell and The Garden Club of North Carolina, Inc. for their support of NCDOT and all of our aesthetic programs.
Legislative Update

Mary Jernigan, Government Affairs and Policy Director, provided a legislative update.

Product Evaluation Program Update

Jessica Kuse and Natalie Roskam gave a slide show presentation to give an update on the Product Evaluation Program.

Approval of Projects

A motion was made by Board Member Fearing, seconded by Board Member Brown, to approve all the projects, excluding items C, D, E, H and L, as they are delegated authority items and require no Board action.

Board Members Curran and Lennon abstained from voting on certain projects.

Delegated Authority Items

Approval – Award of Highway Construction Contracts in the March 15, 2016 Letting

Projects were awarded by the Secretary to the low bidder on all projects.

Approval - Professional Services Management

The Board concurred with the staff recommendations and delegated authority to the Secretary to award the following contracts.

Technical Services

Project Development and Environmental Analysis – Project Development
After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ private firms to complete the Environmental Documents for our Department to obligate available funds. Our staff was authorized to proceed with the actions required to employ private engineering firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. These are for information only.

DIVISION 2

Project: 50111.1.1 (U-5713) Craven County
US 70 from the Neuse River Bridge to SR
1124 (Grantham Road) in New Bern

Scope of Work:
Preparation of environmental documents, natural systems surveys, public involvement, community impact assessments, traffic noise, air quality studies and preliminary roadway design

Estimated Construction Cost: $40,000,000.00
Firm: Three Oaks Engineering, Inc., Durham, NC
Original Engineering Fee: $950,000.00
Supplemental Fee: $700,000.00
Supplemental Work: Additional public Involvement, preparation of the EA/FONSI
DBE/WBE/SPSF Utilization: 100%

DIVISIONS 4 & 5
Project: 37673.1.TA2, 35516.1.TA2, 35517.1.TA1 (R-2721, R-2828 and R-2829) Wake and Johnston Counties Triangle Expressway Southeast Extension
Scope of Work: Project development, environmental, and engineering services
Estimated Construction Cost: $1,519,000,000.00
Firm: H. W. Lochner, Inc., Raleigh, NC
Original Engineering Fee: $263,930.72
Previous Supplemental Fee: $11,700,000.00
Supplemental Fee: $5,500,000.00
Supplemental Work: Preliminary designs for the Preferred Alternative, preparation of the Final EIS, preparation of the Record of Decision
SPSF Utilization: 0%

DIVISION 13
Project: 34165.1.2 (I-2513) Buncombe County Asheville – I-240 and New Route from I-26 to US 19-23-70
Description of supplemental work: Updating technical studies and preliminary design, and preparing a Final Environmental Impact Statement and Record of Decision
Firm: AECOM Technical Services of North Carolina, Inc., Raleigh, NC
Original Engineering Fee: $1,150,000.00
Previous Supplemental Fee: $2,800,000.00
Supplemental Fee: $500,000.00
SPSF Utilization: 0%

Project Development and Environmental Analysis – Natural Environment
After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ private firms to provide Bat Surveys and Monitoring Services on an as needed basis for various federal-aid and state funded projects to support the Natural Environment Section. These contracts will expire three (3) years (with one (1) one-year extension possible) after the date of execution or after the contract amount has been depleted, whichever occurs first. Our staff has completed the actions for employing private firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. These are for information only.

STATEWIDE
Description of Work: 2016 Bat Surveys & Monitoring LSC
Firm: Ecological Engineering, LLP, Cary, NC
Maximum Engineering Fee: $2,000,000.00
DBE/WBE/SPSF Utilization: 100%
Description of Work: 2016 Bat Surveys & Monitoring LSC
Firm: Copperhead Environmental Consulting, Inc., Paint Lick, Kentucky
Maximum Engineering Fee: $2,000,000.00
SPSF Utilization: 0%

Description of Work: 2016 Bat Surveys & Monitoring LSC
Firm: Stantec Consulting Services, Inc., Raleigh, NC
Maximum Engineering Fee: $2,000,000.00
SPSF Utilization: 0%

Description of Work: 2016 Bat Surveys & Monitoring LSC
Firm: CALYX Engineers & Consultants, Raleigh, NC (formerly Mulkey Engineers & Consultants)
Maximum Engineering Fee: $2,000,000.00
DBE/WBE/SPSF Utilization: 100%

Roadway Design
The following are supplemental contracts to previous contracts approved by the Board with the same engineering firms. These supplemental contracts were necessary due to approved additional work that was unknown at the inception and is required of the firms to complete the projects. Our staff has completed the actions in accordance with the policies and procedures adopted by the Board on May 7, 2009. These are for information only.

DIVISION 6
Project: 33727.1.1 (B-4490) Cumberland County
Replace Bridge 116 over CSX Railroad, Norfolk Southern Railroad, and Hillsboro Street on NC 24-210 (Rowan Street)
Scope of Work: Roadway Design
Estimated Construction Cost: $18,000,000.00
Firm: Parsons Brinckerhoff, Inc., Raleigh, NC
Original Engineering Fee: $104,550.13
Previous Supplemental Fee: $39,347.13
Supplemental Fee: $6,548.64
Supplemental Work: Revise -Y3- (Murchison Road) to tie to the improvement of the existing road at the new Parkview Condo complex
SPSF Utilization: 0%

DIVISION 7
Project: 34820.1.2 (U-2524D) Guilford County
Greensboro Western Loop from US 220 (Battleground Ave.) to SR 2303 (Lawndale Dr.)
Scope of Work: Roadway Design
Estimated Construction Cost: $60,100,000.00
Firm: Parsons Transportation Group, Raleigh, NC
Original Engineering Fee: $96,076.36
Previous Supplemental Fee: $57,286.78
Supplemental Fee: $17,506.12
Supplemental Work: Roadway Design for creating detour alignments for -Y6- and -Y8-, revising the
pedestrian bridge, structure recommendations and typical section

**SPSF Utilization:** 0%

---

**DIVISION 12**

**Project:** 34497.1.4 (R-2707C) Cleveland County
US 74 Bypass from west of NC 226 to west of NC 150

**Scope of Work:** Roadway Design

**Estimated Construction Cost:** $64,000,000.00

**Firm:** Moffatt & Nichol, Inc., Raleigh, NC

**Original Engineering Fee:** $107,399.49

**Previous Supplemental Fee:** $196,237.54

**Supplemental Fee:** $22,454.69

**Supplemental Work:** NC 180 Study (over -L- instead of under), -Y9-
Detour redesign, Value Engineering Study
Project History, Wall Envelopes

**SPSF Utilization:** 0%

---

**Transit**

**Aviation**

After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ a private firm to perform services for the North Carolina Airports System Plan listed below for our Department to obligate available funds. Our staff was authorized to proceed with the actions required to employ private engineering firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. This is for information only.

**STATEWIDE**

**Project:** 36246.98 Statewide

Sole Source Contract for continuation of cultural resources element of the NC Airports System Plan

**Scope of Work:** Comprehensive cultural resources and environmental background study, inventory and sensitivity review for the NC Airports System Plan to improve management of historic properties and other environmental resources for certain NC airports

**Firm:** TRC Environmental Corporation, Pittsburgh, Pennsylvania

**Maximum Engineering Fee:** $160,000.00

**SPSF Utilization:** 0%

---

**Chief Engineer**

After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ a private firm to perform services listed below for our Department to obligate available funds. Our staff was authorized to proceed with the actions required to employ private engineering firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. This is for information only.

**DIVISION 1**

**Project:** 32635.3.5 (B-2500) Dare County

3289
Replace Bridge 11 Over the Oregon Inlet on NC 12

Scope of Work:  
Construction Engineering and Inspection Services

Estimated Construction Cost:  
$181,316,000.00

Firm:  
Parsons Brinckerhoff, Inc., Raleigh, NC

Maximum Engineering Fee:  
$14,500,000.00

DBE/WBE/SPSF Utilization:  
SKS Engineering & Planning, Inc.  
$1,160,000.00  
8%

The following is a supplemental contract to a previous contract approved by the Board with the same engineering firm. This supplemental contract was necessary due to approved additional work that was unknown at the inception and is required of the firm to complete the project. Our staff has completed the actions in accordance with the policies and procedures adopted by the Board on May 7, 2009. This is for information only.

DIVISION 10

Project:  
34187.3.GV2 (I-3803B) Mecklenburg - Cabarrus Counties  
I-85 from south of SR 2894 (Speedway-Concord Mills Boulevard) in Mecklenburg County to NC 73 in Cabarrus County

Scope of Work:  
Construction Engineering and Inspection Services

Estimated Construction Cost:  
$67,776,000.00

Firm:  
Kisinger Campo & Associates, Corp., Kannapolis, NC

Original Engineering Fee:  
$10,000,000.00

Previous Supplemental Fee:  
$ 1,095,000.00

Supplemental Fee:  
$ 150,000.00

Construction Engineering and Inspection Services

SPSF Utilization:  
0%

Field Support

Right of Way

After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ a private firm for Right of Way Services listed below for our Department to obligate available funds. Our staff was authorized to proceed with the actions required to employ private engineering firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. This is for information only.

DIVISION 3

Project:  
41582.2.2 (R-5021) Brunswick County  
NC 211 from SR 1500 (Midway Road) to NC 87

Scope of Work:  
Right of Way acquisition, negotiations, legal, appraisal and relocation assistance

Estimated Construction Cost:  
$58,200,000.00

Firm:  
Carolina Land Acquisitions, Inc., Zebulon, NC

Maximum Engineering Fee:  
$1,450,829.00

SPSF Utilization:  
100%
Roadside Environmental

After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ private firms to provide UST Environmental Services (Hazardous Waste Site Analysis and Remediation) on an as needed basis for various federal-aid and state funded projects to support the Roadside Environmental Unit. These contracts will expire two (2) years (with two (2) annual extensions possible) after the date of execution or after the contract amount has been depleted, whichever occurs first. Our staff has completed the actions for employing private firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. These are for information only.

STATEWIDE

Description of Work: 2016 UST Environmental Services
Firm: AMEC Foster Wheeler Environment & Infrastructure, Inc., Durham, NC
Maximum Engineering Fee: $500,000.00

Action Items

Approval – Highway Maintenance Improvement Program (HMIP)

Board members were reminded that in 2014, the primary statute G.S. 143B-350(f) that sets out the Board’s duties was amended. The change requires BOT to approve a “schedule of state highway maintenance projects and their anticipated cost” and to publish the approved schedule on the Department’s website by April 1st of each year.

On April 7, 2016 the motion to consider the proposed FY2017-2019 Highway Maintenance Improvement Program along with the amended FY2016 HMIP was made by Board Member Palermo. The motion was seconded by Board Member McQueary.

The board was asked to vote on the proposed FY2017-2019 Highway Maintenance Improvement Program along with the amended FY2016 HMIP.

The proposed FY2017-2019 Highway Maintenance Improvement Program along with the amended FY2016 HMIP was adopted unanimously by the Board of Transportation on April 7, 2016.

Please see attachment 1 to view documentation associated with the proposed FY2017-2019 Highway Maintenance Improvement Program along with the amended FY2016 HMIP.
Approval – Scenic By-Ways

<tr>
<td>Revise Brunswick Town Road Scenic Byway to delete 0.48 miles of Plantation Road (SR 1529) from NC 133 to SR 1530 and designate 0.3 miles of Orton Road (SR 1530) from NC 133 to SR 1529 as part of the Brunswick Town Road byway.</td>
<td></td>
</tr>
</tbody>
</table>

On April 7, 2016 the motion to consider the two proposed Scenic Byways was made by Board Member Palermo. The motion was seconded by Debnam.

The board was asked to vote on the two proposed Scenic Byways (Big Horse Creek Scenic Byway and Revision to Brunswick Town Road).

The two proposed Scenic Byways (Big Horse Creek Scenic Byway and Revision to Brunswick Town Road) was adopted unanimously by the Board of Transportation on April 7, 2016.

There were no recusals identified related to the item.

Approval – Additions, Abandonments, and Road Name Changes to State Secondary Road System

3298
A motion was made by Board Member Fearing, seconded by Board Member Brown, to approve the following:

**Transportation Demand Management - Rideshare**

**17-RS-126 City of Wilmington** will use funds to target high priority TMD strategies for the Wilmington MPO region. These strategies include: Alternative Work Schedules, Carpool/Vanpool, Development Review, Park & Ride lots, Full-Time TDM Coordinator, Transit Amenities, Bicycle & Pedestrian Infrastructure, and Commuter Transit Routes. Wilmington will follow a plan which outlines specific performance measures, a work plan, priorities, and responsibilities for implementation.

Rockingham, Stokes, Surry and Yadkin counties. The overall goal of the TDM Program is to reduce the number of Vehicle Miles Traveled (VMT) in a single occupancy vehicle. This is done through a variety of activities including the Regional Call Center, employer outreach and support, vanpool leasing, carpool matching, travel training, guaranteed emergency ride home, Best Workplace for Commuters and the Triad Commute Challenge.

**17-RS-102 City of Charlotte** has developed a comprehensive TDM program that will continue to show public transit, vanpool, carpool, biking, walking, and telecommuting as viable alternative forms for transportation to commuting alone. The requested funds will be used to focus on educating the public about specific aspects of TDM that improve their lives, including environmental benefits and safety. Funds will also be used to work with businesses to offer transit benefits, increase membership in the Best Workplace for Commuter designation, as well as increase utilization of transit to the area universities and schools.

**17-RS-932 Land of Sky Regional Council of Governments** will use funds to create a part-time (50%) position to re-establish and manage the Region’s TDM program. The program will focus on 1) Variety of Services- tailored to the travel needs and preferences of travelers in the region; 2) Marketing – establish a brand and keep that brand fresh in the minds of commuters, employers, and business groups; 3) Partnerships – engagement with individuals and the business sector on a day-to-day basis, in an ongoing relationship.

**Amendment to Advanced Technology Grants - State Funded**

**16-AT-001 - Cape Fear Public Transportation Authority** request for State Advanced Technology Funds to purchase software and licensing for one of the two vendors for an interface system between the farebox collection system and the AVL system for all fixed route vehicles. This amendment adds an additional $27,053 in State Advanced Technology Grant Funds to the project amount approved for FY 2016. The interface will provide ridership counts at specific stops and demographics at each boarding location. The period of performance will be from July 1, 2015 to June 30, 2016.

### Item I - 1 Summary, 7 Projects, Total Federal /State funds $1,131,053

Item I-1A, 20 Projects, Total Federal/State funds $21,070,000

Approval – Rail Program

A motion was made by Board Member Fearing, seconded by Board Member Brown, to approve the following:

Division 1
Washington County

The Rail Division requests reallocation of Freight Rail & Rail Crossing Safety Improvement (FRRCSI) funds from the previously awarded Ham Produce project that is no longer being pursued, due to lack of industry commitment, approved by the Board of Transportation in May 2014, to a 2,000 foot siding to serve Quality Mats located on CLNA at MP NS Main 151.1 in Plymouth. The new track is needed to accommodate up to 400 carloads per year that will utilize rail access rather than highways. CLNA is responsible for the remaining project costs not covered by the Department. The Department shall participate in 50% of the actual project costs not to exceed $175,000.

Division 7
Orange County

The Rail Division requests Board approval of additional Freight Rail & Rail Crossing Safety Improvement (FRRCSI) funds for the closure of Gordon Thomas Drive (Crossing No. 735 199Y, MP H 48.49); Greenbriar Drive (Crossing No. 735 197K, MP H 47.74); Byrdsville Drive (Crossing No. 735 189T, MP H 43.89) and Partins Trailer Park (Crossing No. 735 160V, MP H 41.82) near Hillsborough, due to the increased costs for the construction of alternate access. The department will be responsible for the design and construction of the project. NS will be responsible for the construction of the project within their operating right-of-way. The total estimated additional cost to the Department is $200,000. The total estimated cost of the project has been revised from $1,100,000 to $1,300,000.

Division 8
Lee County

The Rail Division requests Board approval of Freight Rail & Rail Crossing Safety Improvement (FRRCSI) funds for improving an at-grade railroad crossing by installing an asphalt rail seal surface to replace the existing surface on the Atlantic & Western Railway (ATW). The crossing to be improved is 721 049A (SR 1403 Cotton Road). ATW will provide the necessary labor to install the materials. The total estimated cost to the Rail Division is $17,000.
Division 8
Lee County

The Rail Division requests Board approval of Freight Rail & Rail Crossing Safety Improvement (FRRCSI) funds for improving an at-grade railroad crossing by installing a concrete surface to replace the existing surface on the Atlantic & Western Railway (ATW). The crossing to be improved is 721 056K (SR 1560 Weatherspoon Road). ATW will provide the necessary labor to install the materials. The total estimated cost to the Rail Division is $68,000.

Division 14
Swain County

The Rail Division requests Board approval of Freight Rail & Rail Crossing Safety Improvement (FRRCSI) funds for improving an at-grade railroad crossing by installing a concrete surface to replace the existing surface on the Great Smoky Mountain Railway (GSMR). The crossing to be improved is 720 196J (SR 1364 Everett Street). GSMR will provide the necessary labor to install the materials. The total estimated cost to the Rail Division is $190,000.

ITEM I-2 SUMMARY – 5 PROJECTS – (TOTAL FEDERAL AND STATE) $650,000

Division 2
Marine Corps Base Camp Lejeune Railroad (Railroad) Carteret County Z-5400 BH/BI

This Rail Agreement consists of the installation of traffic operation control and devices at two (2) public highway-rail at-grade crossings on Camp Lejeune Railroad. The Department, and/or its consultant, will prepare the plans, specifications, and estimates for review and approval by the Railroad for the installation of signal systems, signs, and necessary hardware. The Department, and/or its contractor, will construct the improvements within the Railroad’s existing right-of-way limits and/or easements. The Railroad will be responsible for the maintenance of the signal devices. All work will be performed at no expense to the Railroad. The estimated cost of the project is $550,000.

Division 3
Town of Wallace Duplin County 42894

This Rail Agreement consists of the general cleanup of the NCDOT owned rail corridor from Cliff Street south to the municipal limits. Cleanup shall include removal and disposal of all debris, grass mowing, and vegetation control. The Municipality will perform the work. The Department will reimburse the Municipality $2,500 per year. The Agreement will remain in effect for five (5) years (2016-2020). Estimated cost to the Department is $12,500.

Division 4
County of Halifax Halifax County 80000.3.1.3

This Rail Agreement consists of approval of Freight Rail & Rail Crossing Safety Improvement (FRRCSI) funds to assist Halifax County with the construction of a new 6,523 foot rail industrial access spur track, off of the CSXT A line at milepost 92.00, to serve Klausner Lumber. The County, and/or its agent, will perform all phases of the work. The Department will participate in the cost of the project in a
Nash County 80023

The Project consists of construction of a 760 linear foot road extension of Corporation Parkway to serve Draka Elevator Products in the Whitakers Business and Industry Center. Department shall participate in the actual Project costs, through Economic Development funds, up to a maximum amount of $45,725. The estimated cost is $45,725. Costs which exceed this amount shall be borne by the County.

Division 5

CSX Transportation, Inc. (CSXT)

On May 26, 2015, the Department and CSXT entered into an Addendum #5 to the Railroad Master Construction Agreement that consists of grading and crash wall construction for the relocated CSXT S Line associated with the improvements to the new Raleigh Union Station. The Department agreed to reimburse CSXT 100% of the actual eligible construction cost. The estimated cost of the Project was $1,700,000. In March 2016, this agreement cost was increased to $2,700,000 to cover estimated cost increases attributed to mobilization, demobilization, earthwork, soldier pile and retaining wall, crash wall, and roadway work. A previous cost increase was approved by the Board of Transportation on March 3, 2016 through Supplemental Agreement #1 to Addendum #5. Bids were received by CSXT which exceeded the approved $2,700,000. This Supplemental Agreement #2 to Addendum #5 changes the estimated cost from $2,700,000 to $3,900,000 and shall be funded 100% from ARRA funds.

Norfolk Southern Railway Company (NS)

This Rail Agreement provides for NS to make a financial contribution to the Department with respect to the closing of an encroaching private highway-railroad at-grade crossing located within the NCRR Corridor (Crossing # 84.9, milepost H 84.9). The Department will provide NCRR a Crossing Release Agreement and Quitclaim Deed upon the crossing closure. NS’s financial obligation to the Department is $20,000. There will be no cost to the Department.

Town of Apex

This Project consists of the replacement of Bridge No. 362 over Beaver Creek on SR 1162 (Apex Barbecue Road).

At the request of the Municipality, additional work to be included within the scope of the Project shall include the construction of sidewalk and raising the grade and lengthening the Bridge to accommodate a planned greenway. The Municipality will reimburse the Department ($464,791) 30% of the actual cost of the work associated with the construction of the sidewalk and greenway. The total estimated cost of the work is $1,549,303.

City of Raleigh

This Project consists of the replacement of the bridge on US 70 / US 401 / NC 50 (Capital Boulevard) over Peace Street and the bridge on US 70 / NC 50 (Wade Avenue) over US 401 (Capital Boulevard) in Raleigh. At the request of the Municipality, additional work to be included within the scope of the project shall include interchange modifications at Peace Street, the extension of a culvert under Peace Street, streetscape elements, lighting, sidewalks, additional work to Peace Street bridge, bike lanes, greenway at Wade Avenue interchange and improvements.
on the City Streets including but not limited to Peace Street, W. Johnson Street, Harrington Street and Johnson Street. The Department is responsible for all phases of the work. The Municipality is participating in the cost of all the betterments in the Project at an estimated cost of $20,715,915. The estimated cost of the project is $30,700,000.

Division 6

City of Fayetteville
Cumberland County
U-5742
50164.1.R1
50164.3.R1
The Project consists of the modernization of the existing computerized traffic signal system and expansion of the Municipality’s computerized traffic signal system with new state-of-the-art equipment. This Supplemental Agreement is to expand the scope, increase funds, and to revise the Project funding provision. The Department’s original participation was $4,870,000. The Department agrees to participate in additional cost up to a maximum of $941,381. The Municipality’s original participation was $130,000. The Municipality agrees to provide an additional $58,619. The estimated cost of the project is $6,000,000.

Columbus County
6C.024124
The Project consists of grade, drain, base, and pave access to county landfill (SR 1451 – Landfill Road). The Department shall be responsible for all phases of work and for all costs of the Project. The County will provide right of way at no cost and will allow the Department to utilize the landfill for dumping purposes in lieu of payment. The estimated cost of the project is $200,000.

City of Fayetteville
Cumberland County
Z-5400FX
This Rail Agreement consists of installation of automatic warning devices and upgrades to approaches at Norfolk Southern Railroad’s (NS) municipal highway-railroad at-grade crossing on Dobson Drive (Crossing # 904 420D, milepost 36.200 VF) within the Municipality. The Department will arrange for NS to prepare plans and perform the installation of the automatic warning devices pursuant to the Master Agreement. The Municipality will prepare the plans and perform any necessary approach work. NS will be responsible for all maintenance of the warning devices. The Municipality will be responsible for the following: (1) reimbursing the Department for 10% of the actual cost of the warning device installation work; (2) 100% of any cost not reimbursed by FHWA; and (3) 50% of NS’s cost of maintenance of the warning devices pursuant to GS 160A-298(c). The estimated cost of the project is $250,000.

Divisions 6 & 8

Town of Maxton
CSX Transportation, Inc. (CSXT)
Robeson, Scotland Counties
Y-5500FC
This Rail Agreement consists of the permanent closure of the municipal highway-railroad at-grade crossing on Third Street (Crossing # 630 976K, milepost SE 276.28). The Department will perform all work not on railroad right-of-way. CSXT will perform all specified work within its right-of-way. CSXT will contribute $4,000 for all work performed by the Department. The estimated cost to the Department is $170,000. As mitigation for the crossing closure, the Department, at no cost to the Municipality, will overlay pavement on both Central Avenue and Wilmington Street between Patterson and Third Street; install signals and gates at the existing highway-railroad at-grade crossing on Malloy Street (Crossing # 630 952W, milepost SE 275.44) and First Street (Crossing # 630 975D, milepost 276.10), and extend the existing fence along the rail corridor from existing terminus point east of Patterson to

3327
the proposed flasher on the west side of First Street. The Municipality shall be responsible for 50% of the maintenance cost of the crossing signals and 100% of the maintenance cost of the fencing.

Division 7

Norfolk Southern Railway Company (NS)
North Carolina Railroad Company (NCRR)
Orange County
P-4405I
43219.2.STR01P440 5I
62000.7.STR20T4

This Rail Agreement is an Addendum to the NS Master Project Construction and Maintenance Agreement (MPCMA) and covers the permanent closure and removal of the Private Vehicular Access (PVA) highway-railroad at-grade crossing at Gordon Thomas Drive (Crossing #735 199Y, milepost H 48.49). NS will be responsible for (1) removal of roadway improvements within the NCRR Corridor; (2) re-establishment of railroad ditches; and (3) all flagging. The Department will be responsible for all permitting and utility relocation. The Department will perform work associated with installation of signage and barricades, landscaping, and coordinating the closure and removal of the PVA. NS will reimburse the Department $19,000 toward the costs of construction. The estimated cost of the crossing closure is $10,000; the entire cost of the project, including the alternate access construction, is $750,000 and funded 100% with ARRA funds.

waterline to serve the residents of Byrdsville Mobile Home Park affected by the project to extend Byrdsville Road from NS/NCRR to NC 86, and close a private highway-railroad at-grade crossing (Crossing # 735 189T, milepost H 43.90). The new waterline is also required due to a contaminated well. The Department will include this utility work in its construction contract. The Municipality will be responsible for 100% maintenance of the waterline. The Municipality will reimburse the Department for 50% of the cost of the new waterline. The estimated cost of the project is $50,000 and funded 100% with ARRA funds.

Division 9

Village of Clemmons
Forsyth County
U-5551
46310.1.1
46310.3.1

This Supplemental Agreement changes the responsibilities of letting the construction contract and providing administration and construction engineering and inspection from the Department to the Municipality. The Department shall reimburse eligible costs of construction up to $1,900,000. The Municipality shall be responsible for all costs that exceed the available funding.

City of Winston-Salem
Forsyth County
U-47410I
39745.1.26
39745.2.26
39745.3.26

This Project consists of the construction of a 2,800 foot, 10 foot wide greenway trail with concrete shoulders from Martin Luther King Jr. Drive south to Fogle Street in Winston-Salem. This Supplemental Agreement modifies the Project Scope to end at Wake Forest Innovation Quarter (WFIQ) Rails with Trail South Project and modifies the Funding to include the substitution of some of the allocated Surface Transportation Program – Direct Allocation (STP-DA) funding with Transportation Alternatives Program – Direct Allocation (TAP-DA). The Department’s original participation was $4,400,000. The Department’s total participation has remained unchanged under the funding modification.

Division 10

City of Charlotte
Mecklenburg County
U-5805
44377.3.1

This Project consists of the installation of dual left-turn lanes at all four approaches at the intersection of Monroe Road (SR 1009) and Rama Road/Idlewild Road along with various intersection improvements including signal modification, pedestrian crosswalks, and pavement markings. The Department shall participate in the costs of the project in an amount not to exceed $1,395,000. Costs which exceed this amount shall be borne by the Municipality.

City of Charlotte
Mecklenburg County
P-2918F
49999.2.STR8

This Rail Agreement consists of the relocation and adjustment of municipally-owned utilities in conflict with improvements to the Locomotive and Railcar Maintenance Facility in Charlotte (LRMF). The Municipality owns water and sewer lines that are located within the proposed project area, both on Department owned property and Norfolk Southern Railroad (NS) owned property. The Department will perform the work. The Municipality will reimburse the Department all costs associated with the municipally-owned utility work performed on NS property. Estimated cost of the municipally-owned utility work on NS property is $500,000 and funded 100% with ARRA funds.

E-Z Parking, Inc.  
(Lessee)
Mecklenburg County

The Department (Lessor) and the Lessee propose to enter into a Rail Lease Agreement to use the Lessee’s property for commercial parking purposes. The Lease includes the terms and conditions by which the
Lessor shall occupy and operate the real property located at 531 West Fourth Street in Charlotte. The Lease will retroactively begin February 1, 2016, and will continue for a period of one (1) year with an option to renew for up to one (1) additional year. The Lessor will pay the Lessee a monthly lease amount of $15,477 for January through July, and $20,997 for August through December, for a total of $213,324 annually.

Division 11
Town of Blowing Rock
Watauga County
EB-5798
This Project consists of the construction of a sidewalk along NC 221 from US 321 Business to the entrance of Moses Cone Estate and Bass Lake. The Municipality is responsible for all phases of the Project. The Department shall reimburse 80.98% of approved eligible costs from the Federal Lands Access Program (FLAP) funds allocation, not to exceed $987,956. The Municipality will be responsible for providing the 19.02% ($232,044) non-federal match for the FLAP funds authorized and all costs that exceed the total available funding of $1,220,000.

Division 12
Town of Mooresville
Iredell County
12.10149M
This Municipal Operations Agreement (Schedule C) consists of the operation of the traffic signals at certain intersections on the State Highway System within or near the Town of Mooresville. The Department shall reimburse the Municipality based on an annual approved amount of applicable traffic control devices utilized for the operation and maintenance of the system.

Division 13
City of Asheville
Buncombe County
EB-5790
46444.1.1
This Project consists of the design of a network of on-road connectors for the three greenways, Beaucatcher, Town Branch and Clingman Forest, each of which terminate in or near Asheville’s east of the Riverway and South Slope areas. These on-road connectors consist of bike lanes, sidewalks, and wayfinding signage to direct users between each of the greenway trailheads. The Municipality is responsible for all phases of the Project. The Department shall reimburse 80% ($96,000) of approved eligible costs from TAP funds. The Municipality will be responsible for providing the 20% ($24,000) non-federal match and all costs that exceed the total estimated costs of $120,000.

Division 14
City of Asheville
Avadim Technologies, Inc.(Lessee)
41930
The Department, the Municipality, and Avadim Technologies propose to enter into a two (2) year Rail Lease Agreement for the use of an approximately 18,456 square foot building, parking area and grounds located at 81 Thompson Street. The Department holds 9/10th interest in the property, and the Municipality holds 1/10th interest in the property. The Lessee will lease the property for office/warehouse, manufacturing, and distribution purposes only. The Lease will begin May 1, 2016 and expire on April 30, 2018, with an option to renew for three (3) additional one-year periods. The Lessee will pay the Department an annual rental rate of $129,192 for the first year of the lease, $143,034 for the second year, and, if the lease is renewed, $156,876 annually for the third, fourth and fifth years. The Department will remit 1/10th of the monthly payments to the Municipality.
SUMMARY: There are a total of 27 agreements for informational purposes only.

Division 1
Town of Duck
Dare County
The Memorandum of Agreement (MOA) establishes the terms and conditions for installation, data access, ownership and maintenance of Department specialized pedestrian and cyclists counting equipment, related to the “2015-2018 Evaluating the Economic Impact of Shared Use Paths in NC” research project. The Municipality will be responsible for equipment installation and routine maintenance costs through the useful life of the equipment as defined in the agreement.

Division 2
City of Greenville
Pitt County
This Project consists of an emergency culvert repair on Third Street to provide safe pedestrian access between a residential area and downtown Greenville. Work was completed on January 21, 2016. The Municipality shall reimburse the Department one hundred percent (100%) of the actual cost of the Department’s work. The estimated reimbursement is $24,088.41.

Division 3
Walmart Stores, Inc.
Onslow County
This Project consists of traffic signal review and inspection for the traffic signal at NC 24 and SR 1511 (Hammocks Beach Road) [SIN 03-1011] related to the Swansboro Retail Center development. The Developer shall reimburse the Department one hundred percent (100%) of the actual cost of the Department’s work. The estimated reimbursement is $5,000.

Bragg Road Development
Company, LLC
New Hanover County
This Project consists of traffic signal review and inspection for the traffic signal at NC 132 (South College Road) and Bragg Drive [SIN 03-0924] related to the Publix Grocery Store development. The Developer shall reimburse the Department one hundred percent (100%) of the actual cost of the Department’s work. The estimated reimbursement is $5,000.

Division 4
Town of Nashville
Nash County
The Project consists of the installation of roadway lighting at the interchange of US 64 Bypass and NC 58 (Washington Street) in Nashville. The Department shall plan, design, construct, and maintenance the Project. The Municipality shall pay for electrical services upon completion of Project. The estimated cost of the project is $376,000.

Division 5
Sheetz
Wake County
This Project consists of traffic signal review and inspection for the traffic signal at US70 (Glenwood Avenue) at Westborough Drive/Pinecrest Road. The Developer shall reimburse the Department 100% of the actual cost of the Department’s work. The estimated reimbursement is $5,000.

Wake Stone Corporation
Wake County
The Project consists of the costs and the installation of three "Hinton Oaks Industrial Park" signs: two on US 64 Business and one on I-540 at exit 24. The Developer shall reimburse the Department 100% of the actual cost of the Department’s work. The estimated reimbursement is $2,597.

TKC CCXVIII, LLC
Granville County
The Project consists of review and inspection for upgrading the existing signal (06-2197) at US 158 (Williamsboro Street) and the entrance to Revlon. The Developer shall reimburse the Department 100% of the actual cost of the Department’s work. The estimated reimbursement is $5,000.

City of Raleigh
Wake County
This Project consists of the construction of two drainage structures and pipe connections at the intersection of Hammond Road and Rush Street, as well as
replacing the necessary sidewalk and curb removed for the construction of the improvements. The Municipality shall reimburse the Department one 100% of the actual cost of all work performed by the Department. The estimated cost of the project is $60,000.

Meritage Homes of the Carolinas, Inc. This Project consists of signal upgrades on NC 55 at Petty Farm Road/Mahal Drive. The Department will review the traffic signal plans and inspect the traffic signal installation. The Developer shall reimburse the Department 100% of the actual cost of the Department’s work. The estimated reimbursement is $5,000.

City of Charlotte
Mecklenburg County
U-5874 46437.1.1

This Project consists of the construction of a new bridge over I-85 in Mecklenburg County. This Agreement allows the Department to review documents and provide oversight in anticipation of the Project receiving federal transportation funds. The Municipality shall provide the Department $75,000 for the Department’s costs related to review of any phase of this Project. If the costs exceed this amount, the Municipality shall provide additional funding.

Charlotte-Mecklenburg Utilities
Mecklenburg County
I-4733 38063.3.1

CMU agrees to reimburse the Department an additional $136,011 in additional funding for a total participation cost of $227,095.

Division 11

Town of North Wilkesboro
Wilkes County

The Memorandum of Agreement (MOA) establishes the terms and conditions for installation, data access, ownership and maintenance of Department specialized pedestrian and cyclists counting equipment, related to the “2015-2018 Evaluating the Economic Impact of Shared Use Paths in NC” research project. The Municipality will be responsible for equipment installation and routine maintenance costs through the useful life of the equipment as defined in the agreement.

Division 12

Town of Blowing Rock
Watauga County
ER-2973K 3711.3.21

This Project consists of landscape designs and plantings in the median of US 321 at the Blue Ridge Parkway in Blowing Rock. The Department shall develop the landscape design, prepare plans and site and install the plantings. The Municipality shall assume maintenance of the plantings after one year.

Division 13

Catawba County Schools
Catawba County
12.101811,12.201811

This Project consists of patching and resurfacing the school bus driveways at Claremont Elementary, Fred T. Foard High School, Jacob Fork Middle School and Tuttle Elementary School. The Agency shall be responsible for all phases of the Project. The Department shall participate in actual construction costs in an amount not to exceed $47,252. Costs which exceed this amount shall be borne by the Agency.

Division 14

Buncombe County Board of Education
Buncombe County
44557

This Project consists of signal and striping modifications including the addition of pedestrian signal phasing and corresponding standard crosswalks and the construction of an exclusive right turn lane on NC 112 with appropriate storage and taper lengths as shown on the plans. The Department shall provide the design plans and construction of the project. The Department will participate in the construction costs in the amount of $50,000 with the County reimbursing the Department $170,000 for total estimated project costs of $220,000.

Catawba County Schools
Catawba County
12.101811,12.201811

This Project consists of the installation and removal of temporary shoring of three posted bridges that include the installation and removal of timber in the waterway,
jacking the bridges and installation of vertical members to provide additional support for the mid-span on the three posted bridges; two (2) bridges on SR 1326 (Tusquitee Road) in Macon County and one (1) bridge on Tuni Gap Road in Macon and Clay County. The Department shall be responsible for all phases of the Project. The Developer shall reimburse the Department $15,000 for work performed by the Department. The estimated reimbursement from the Developer is $15,000.

Town of Andrews
Cherokee County
44240

This Project consists of sidewalk repairs at various locations throughout the municipality of Andrews. The Department shall be responsible for the planning and design of the Project and shall participate in actual construction costs in an amount not to exceed $50,000. Costs which exceed this amount shall be borne by the Municipality.

Ingles Markets Incorporated
Henderson County
36249.3613

This Project consists of traffic signal #77 at the intersection of US 176 and Ingles Drive/Harris Teeter Drive in Hendersonville. The Department will review the traffic signal plans and inspect the traffic signal installation. The Developer shall reimburse the Department 100% of the actual cost of the Department’s work. The estimated reimbursement is $5,000.

**Preliminary Right of Way Plans**

A motion was made by Board Member Fearing, seconded by Board Member Brown, to approve the following:

The Preliminary Right of Way Plans for the below projects, including Secondary Roads and Industrial Access Roads, provide for the construction, design, drainage and control of access as shown on the respective plans.

Based upon the recommendations of the Manager of the Right of Way Unit, the Board finds that such rights of way as shown on these preliminary plans and drawings, including existing public dedicated right of way, are for a public use and are necessary for the construction of said projects.

The rights of way for the location, construction, relocation, and control of access of highways embraced in the below projects shall be as shown in detail on the preliminary right of ways plans and drawings for said projects on file in the Right of Way Branch in the Department of Transportation in Raleigh.

The Board finds such right of way acquisition to be necessary and hereby authorizes the Right of Way Branch to acquire right of way on the below projects either by negotiation or by condemnation through the Attorney General’s Office.

**Division 3**

Onslow County; I.D. No. B-5157; Project No. 41922.2.2:
NC 53 (Burgaw Highway) from SR 1116 (Onslow Pine Road) to SR 1105 (Haws Run Road) (combined with R-5023C; NC 53 from SR 1105 (Haws Run Road) to West of SR 1109 (Holly Shelter Road), (combined with SF-4903F; to install a left turn lane along NC 53 and realign SR 1109 (Holly Shelter Road))

**Division 4**

Wayne County; I.D. No. W-5500; Project No. 45472.2.FD1:

Bridge No. 86 over East Fork French Broad River on SR 1107

PRELIMINARY RIGHT OF WAY PLANS 13 PROJECT(S) $0.00

Final Right of Way Plans
Right of way acquisition in accordance with the preliminary right of way plans on file in the Right of Way Unit has been determined to be necessary for public use and was authorized by the Board. Certain changes in the right of way have necessitated alteration of the preliminary right of way plans. Final plans have been prepared and provide for the construction, design, drainage and control of access for these projects. The Board finds that such rights of way and control of access as shown on the final plans are for a public use and are necessary for construction. The sections of roads which were shown on the preliminary plans as sections
of roads to be abandoned are hereby abandoned and removed from the State Highway System for Maintenance upon the completion and acceptance of the project.

The rights of way for the location, design and construction of highways embraced in the following projects shall be as shown in detail on the final plans for said projects as follows:

**(Division 5)**

*Project No. 42332.2.FD1; Granville County; I.D. No. B-5157:*

Grading, drainage, paving and structure on Bridge No. 178 over Fox Creek on SR 1304 with the right of way indicated upon the final plans for said project.

**(Division 6)**

*Project No. 40104.2.1; Columbus County; I.D. No. B-4948:*

Grading, drainage, paving and structure on Bridge No. 144 over Soules Swamp on SR 1429 with the right of way indicated upon the final plans for said project.

**(Division 9)**

*Project No. 34845.2.2; Forsyth County; I.D. No. U-2707:*

Grading, drainage, paving, signals and structures in Clemmons – SR 3000 (Idols Road) from SR 2999 (Hampton Road) to US 158 (Clemmons Road) with the right of way indicated upon the final plans for said project.

**(Division 10)**

*Project No. 42265.2.1; Cabarrus County; I.D. No. B-5123:*

Grading, drainage, paving and structures on Bridge No. 14 and 19 over Rocky River and access road to US 29 with the right of way indicated upon the final plans for said project.

**(Division 13)**

*Project No. 38581.2.3; Rutherford County; I.D. No. B-4811:*

Grading, drainage, paving, structure and signals on Bridge No. 87 over the Broad River on US 64 with the right of way indicated upon the final plans for said project.

*Project No. 46111.2.FD1; Buncombe County; I.D. No. B-5396:*

Grading, drainage, paving and structure on Bridge No. 416 over Stony Fork Creek on SR 1103 with the right of way indicated upon the final plans for said project.

**FINAL RIGHT OF WAY PLANS 6 PROJECT(S) $0.00**

**Revisions of the Final Right of Way Plans**

Right of way acquisition in accordance with the final right of way plans for the following projects has been determined to be necessary and authorized by the Board. Plans are on file at the Office of the Secretary to the Board of Transportation as an addendum to the minutes of the meetings hereinafter indicated.

Certain changes in right of way, construction and drainage easements, and control of access have been necessitated by alterations in the construction plans of these projects. Amended plan sheets for these projects have been prepared which provide for changes of certain right of way areas, construction and drainage easements and control of access.
The Board finds that the revised areas of right of way, construction and drainage easements and control of access, as shown on the amended plan sheets hereinafter set out, are for a public purpose and are necessary for the construction of projects.

The right of way, construction and drainage easements and control of access are hereby revised as shown on the plan sheets incorporated herein as an addendum, said projects, date of original final approval, and revised right of way, easements and access being as follows:

(Division 7)
Project No. 34821.2.3; I.D. No. U-2525B; Guilford County:
Final Right of Way plans approved on the minutes of the July 10, 2014 Board of Transportation Meeting. Revised additional right of way, easements or control of access shown on plan sheet(s) 37 as presented at the March 3, 2016 Board of Transportation Meeting.

(Division 11)
Project No. 34402.2.6; I.D. No. R-2237C; Caldwell & Watauga Counties:
Final Right of Way plans approved on the minutes of the December 1, 2011 Board of Transportation Meeting. Revised additional right of way, easements or control of access shown on plan sheet(s) 4 & 5 as presented at the April 7, 2016 Board of Transportation Meeting.

Project No. 34518.2.FR2; I.D. No. R-2915B; Ashe County:
Final Right of Way plans approved on the minutes of the September 3, 2015 Board of Transportation Meeting. Revised additional right of way, easements or control of access shown on plan sheet(s) 5 & 6 as presented at the April 7, 2016 Board of Transportation Meeting.

REVISION FINAL ROW PLANS 3 PROJECT(S) $0.00

Approval of conveyance of Highway Right of Way Residues

It is hereby resolved, based upon the recommendation of the Manager of the Right of Way Unit that the following highway right of way conveyances are approved:

(Division 7)
Project 7C.041038, Parcel 041SR2025 001, Pearman Quarry in Kernersville Guilford County
Conveyance of an approximate 9.829-acre residue area to Christine E. Staub for the high bid amount of $96,000.00.

Project 7C.041038, Parcel 041SR2025 001, Pearman Quarry in Kernersville Guilford County
Conveyance of an approximate 4.736-acre residue area to Michael R. Dehaan, Sr. for the high bid amount of $36,100.00.

Project 34482.2.2, Parcel R-2611 083, SR 1008 (West Market Street) from SR 2007 (Bunker Hill Drive) at Colfax to NC 68 Guilford County
Conveyance of an approximate 0.399-acre residue area to Richard Dickerson and Paul Lamb, for the high bid amount of $12,500.00.

Project 34482.2.2, Parcel R-2611 084, SR 1008 (West Market Street) from SR 2007 (Bunker Hill Drive) at Colfax to NC 68 Guilford County
Conveyance of an approximate 0.306-acre residue area to Richard Dickerson and Paul Lamb, for the high bid amount of $12,500.00.

**Project 34482.2.2, Parcel R-2611 034, SR 1008 (West Market Street) from SR 2007 (Bunker Hill Drive) at Colfax to NC 68**
Guilford County
Conveyance of an approximate 0.300-acre residue area to Steve P. Gray, for the high bid amount of $12,650.00.

(Division 11)
**Project 34783.2.3, Parcel U-2211B 062, SR 1001 (Hilbriten Drive) from US 321A (Norwood Street) to SR 1712 (Starcross Road) East of US 321**
Caldwell County
Conveyance of an approximate 0.560-acre residue area to Jerry M. Bevins, for the high bid amount of $31,000.00.

**CONVEYANCE ROW RESIDUE** 6 **PROJECT(S)** $200,750.00

Approval of Conveyance of Permanent Easement

It is hereby resolved, based upon the recommendation of the Manager of the Right of Way Unit that the following highway right of way conveyances are approved:

(Division 6)
**Project 9.8069728, Parcel U-2103BA 039, Morganton Road East of Longbranch Drive**
Cumberland County
The Department acquired property from the North Carolina Natural Gas Corporation for the construction near Morganton Road. Piedmont Natural Gas Company, Inc. has requested an approximate 0.005-acre permanent utility easement to rebuild the existing regulator station across the property. The Department has determined that the conveyance of the permanent utility easement would cause no damage to the residue property. Piedmont Natural Gas Company, Inc. has agreed to the conveyance for no monetary consideration.

(Division 12)
**Project 8.1810105, Parcel R-0212BC 070, US 321 from CSX Railroad to NC 27/150 near Lincolnton**
Lincoln County
The Department acquired property from Oreta Ramseur, unmarried and Mary A. Ramseur, widow of Howard Ramseur for the construction near NC 150/27 near Lincolnton. Piedmont Natural Gas Company, Inc. has requested an approximate 0.080-acre permanent utility easement and a 0.340 temporary construction easement for the installation of a new gas pipeline across the property. The Department has determined that the conveyance of the permanent utility easement and temporary construction easement would cause no damage to the residue property. Piedmont Natural Gas Company, Inc. has agreed to the conveyance for the amount of $2,000.00.

**APPROVAL OF CONVEYANCE OF PERM. EASEMENT** 2 **PROJECT(S)** $2,000.00

Approval of conveyance of Surplus Highway Right of Way

It is hereby resolved, based upon the recommendation of the Manager of the Right of Way Unit that the following highway right of way conveyances are approved:
Approval – Sampson County Comprehensive Transportation Plan

The Transportation Planning Branch has worked cooperatively with Sampson County, and the incorporated municipalities within the county, on the development of a Comprehensive Transportation Plan (CTP). The plan was adopted by Sampson County on November 2, 2015, the Town of Autryville on October 20, 2015, the City of Clinton on October 6, 2015, the Town of Harrells on November 10, 2015, the Town of Newton Grove on November 9, 2015, the Town of Turkey on November 17, 2015, the Town of Garland on November 10, 2015, and the Town of Roseboro on November 10, 2015, and the Town of Salemburg on October 15, 2015. The Mid-Carolina RPO endorsed the plan on January 26, 2016.

The plan is based on an analysis of existing and projected travel and land use, public involvement and field investigations of recommended improvements. It is located on the web at:

https://connect.ncdot.gov/projects/planning/Pages/CTP-Details.aspx?study_id=Sampson County

The Transportation Planning Branch recommends the mutual adoption of the Sampson County Comprehensive Transportation Plan as shown on the attached map, with a recommendation date of March 11, 2016. A motion was made by Board Member Fearing, seconded by Board Member Brown, to approve.

Approval – Bladen County Comprehensive Transportation Plan

The Transportation Planning Branch has worked cooperatively with Bladen County, and the incorporated municipalities within the county, on the development of a Comprehensive Transportation Plan (CTP). The plan was adopted by Bladen County on November 16, 2015, the Town of Bladenboro on October 12, 2015, the Town of Clarkton on October 6, 2015, the Town of Dublin on October 19, 2015, the Town of East Arcadia on October 12, 2015, the Town of Elizabethtown on November 3, 2015, the Town of Tar Heel on November 10, 2015, and the Town of White Lake on October 13, 2015. The Mid-Carolina RPO endorsed the plan on January 26, 2016.

The plan is based on an analysis of existing and projected travel and land use, public involvement and field investigations of recommended improvements. It is located on the web at:

https://connect.ncdot.gov/projects/planning/Pages/CTP-Details.aspx?study_id=Bladen County

The Transportation Planning Branch recommends the mutual adoption of the Bladen County Comprehensive Transportation Plan as shown on the attached map, with a recommendation date of March
RESOLUTION FOR DON BUIE

WHEREAS, the late Don Buie was a life-long conservationist as well as a dedicated leader for many years of youth and strived to advance youth skills in all areas, especially in scholarly education and in the North Carolina Wildlife Commission’s Youth Hunter Safety Program; and

WHEREAS, Don Buie loved the outdoors and was a strong advocate of the preservation of all natural resources and wildlife in Sanford, Lee County and the State of North Carolina. He was a leader in the Central Carolina Paddlers, a canoeing group that led the region in river expeditions along Carolina rivers; and

WHEREAS, Don Buie was a member and leader of the Lee County Wildlife Club who led the group in outreach to the community in a number of effective programs; and

WHEREAS, Don Buie was a former Central Carolina Community College Dean of Continuing Education, touching many lives with compassion and understanding; and

WHEREAS, Don Buie was a historian, educating others about the history of the region, the industrial development along the rivers of North Carolina, the American Revolutionary War and the U.S. Civil War; and

WHEREAS, Don Buie was a collector of books, documents and other paraphernalia relating to the history of the region, and often spoke to various groups concerning events and people involving the early settlers of the area; and

WHEREAS, Don Buie, a committed Christian and Certified Lay Pastor, for many years spoke at churches throughout Lee County, encouraging others to lead a good and meaningful life and setting an example for others to follow; and

WHEREAS, the Lee County Board of Commissioners, Sanford City Council and the Central Carolina Community College Board of Trustees request to name a portion of Highway 421 By-pass near the Deep River as the Don Buie Highway.

NOW, THEREFORE, BE IT RESOLVED:

That the North Carolina Board of Transportation names the portion of Highway 421 By-pass, from U.S. 1 to the merge at Cumnock near the Deep River as the Don Buie Highway.

That appropriate signs will be erected at a suitable time.

Adopted, this the seventh day of April 2016 by the North Carolina Board of Transportation.

Chairman

Secretary of Transportation
Committee Reports
