According to Executive Order No. 2 and G. S. 143B-350 (g) the Board is requested to concur with staff recommendations and delegate authority to the Secretary to award contracts to private firms for engineering services.

Professional Services Management

Chief Engineer

After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ private firms for On-Call General Engineering Services for Division-Managed Projects on an as needed basis for various federal-aid and state funded projects to support the 14 Highway Divisions. These contracts will expire two (2) years (with a one (1) year extension option, as dictated by program funding and need for Division staff augmentation to deliver the workload) after the date of execution or after the contract amount has been depleted, whichever occurs first. Our staff has completed the actions for employing private firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. These are for information only.

### Corrections:
Division 7 – Rockingham County – SR 1542, Holland is listed on current GIS linework as 0.17 miles and 0.21 miles per petition documentation however, the correct total length should be listed as 0.42 miles.

Division 7 – Rockingham County – SR 2399, Bryant Road was added in 1945 for 0.90 miles. The correct mileage should be 1.04.

### Summary:
- Number of Roads Petitioned for Addition – 53
- Number of Roads Petitioned for Abandonment – 2
According to Executive Order No. 2 and G.S. 143B-350(g), the Board is requested to concur with staff recommendation and delegate authority to the Secretary to approve funds for specific Division-wide Small Construction / Statewide Contingency projects.

### 11 18-CT-031-Yadkin Valley Economic Development District, Inc. (YVEDDI - operating as Yadkin Valley Public Transportation in Davie, Stokes, Surry, Yadkin Counties)

Will use Admin funds to fund staff positions. Operating funds will allow the system to continue providing transit services for a Connector route and a Circulator route between Mt. Airy, Dobson and Elkin. Operating funds are used to manage the cost to operate a Connector route and a Circulator route in Surry and Yadkin Counties. The Connector runs from Mt Airy through Dobson to Elkin and back 4 times a day. The circulator route in Elkin runs a route inside the Town limits from 7 AM to 6 PM and makes 10 circuits a day on the hour. This year we propose to add a connector route in the Stokes County area which will make 4 circuits per day connecting Danbury, Walnut Cove and King.

Division 4, con't.

CSX Corporation
Edgecombe County
P-5711

This Rail Memorandum of Understanding is between CSX Corporation and the Department regarding the funding, development, and construction of the Carolina Connector Intermodal Hub and Transfer Facility. This work includes the related line-of-road capacity Projects, in Rocky Mount. The estimated cost to the Department is $110,000,000 in preliminary engineering and construction funds.

Division 5

City of Durham
Durham County
17BP.5.R.46

This Project consists of replacement of Bridge No. 93 over Rocky Creek on SR 1945, including a culvert. This Supplemental Utility Agreement is to revise the estimated costs for design and construction of the culvert. The Municipality will pay a lump sum cost for the work performed by the Department. The original cost was $240,000, but is being revised to $423,433.

City of Durham
Durham County
EB-4707B
38664.1.1
38664.2.2
38664.3.4
42492

The original Project scope includes the construction of bicycle and pedestrian facilities along SR 2220/SR 1838 from SR 1118 to US 15-501. The Project has been split into A and B sections and this Supplemental Agreement is to increase funding for the B section, SR 1113 (Pope Road) to SR 1116 (Garrett Road) in Durham. The Department shall participate in 80% of the actual costs up to a maximum amount of $6,268,767 from STP-DA funds. The Department shall also provide $250,000 in Small Construction Funds, which may be used as part of the 20% match. The City of Durham shall provide the remaining match ($1,317,192) and all costs which exceed the total amount of available funding for section B.

CSX Transportation, Inc. (CSXT)
Wake County
M-0509
44403

On October 2, 2009, the Department and CSXT entered into a Railroad Master Construction Agreement which detailed the terms and conditions by which CSXT would construct various rail safety improvements within the State of North Carolina. This Addendum #9 to the Master Construction Agreement covers the grading and track work for the Raleigh Capital Yard South Project. This work will improve operation efficiency for both freight and passenger trains. CSXT will be responsible for performing all the work within their right-of-way, and the Department will construct the work within the Department's property. The Department will reimburse CSXT 100% of the actual eligible cost of the work performed by CSXT. The estimated cost of the Project is $4,000,000.
Division 7

**Town of Carrboro, Orange County**

C-5181

46289.1.1

46289.3.1

46289.3.2

This Project consists of construction of a 100 foot bridge and a paved trail to fill the gap between the Upper Bolin Trail and the Twin Creeks Greenway in Carrboro. This Supplemental Agreement is to increase funding for the Project. The Department’s original participation was $257,000. The Department will reimburse an additional $80,000 of Congestion Mitigation and Air Quality funds. The Municipality will provide $20,000 as a local match.

**City of Greensboro, Guilford County**

U-5532D

46297.3.5

This Project consists of the construction of sidewalks on Courtland Street, East Lake Drive, East Wendover Avenue, Plymouth Street and Summit Avenue in Greensboro. The Municipality is responsible for all phases of the Project. This Supplemental Agreement is to revise the scope and decrease the funding for the Project. The revised scope of the Project consists of the construction of sidewalks on a) northern side of Courtland Street from East Lake Drive to existing; b) eastern side East Lake Drive from Courtland Street to existing and western side from existing to Courtland Street; c) fill in gaps along East Wendover Avenue between English Street and Waugh Street; and d) western side of Plymouth Street from Harrington Street to Lucerne Street. The Department shall reimburse 80% of eligible expenses up to a maximum amount of $320,000 (previously $451,040). The Municipality shall provide $80,000 (previously $112,760) as a local match.

Division 9

**Forsyth County**

U-2579WM

34839.4.FS2

This Project consists of compensation to City View Fire Department for equipment and personnel funding during the six-month closure of Walkertown-Guthrie Road in Forsyth County. Preliminary Right of Way Plans

The Preliminary Right of Way Plans for the below projects, including Secondary Roads and Industrial Access Roads, provide for the construction, design, drainage and control of access as shown on the respective plans.

Based upon the recommendations of the Manager of the Right of Way Unit, the Board finds that such rights of way as shown on these preliminary plans and drawings, including existing public dedicated right of way, are for a public use and are necessary for the construction of said projects.

The rights of way for the location, construction, relocation, and control of access of highways embraced in the below projects shall be as shown in detail on the preliminary right of ways plans and drawings for said projects on file in the Right of Way Branch in the Department of Transportation in Raleigh.

The Board finds such right of way acquisition to be necessary and hereby authorizes the Right of Way Branch to acquire right of way on the below projects either by negotiation or by condemnation through the Attorney General’s Office.

FINAL RIGHT OF WAY PLANS 5 PROJECT(S) $0.00
Revisions of the Final Right of Way Plans

Right of way acquisition in accordance with the final right of way plans for the following projects has been determined to be necessary and authorized by the Board. Plans are on file at the Office of the Secretary to the Board of Transportation as an addendum to the minutes of the meetings hereinafter indicated.

Certain changes in right of way, construction and drainage easements, and control of access have been necessitated by alterations in the construction plans of these projects. Amended plan sheets for these projects have been prepared which provide for changes of certain right of way areas, construction and drainage easements and control of access.

The Board finds that the revised areas of right of way, construction and drainage easements and control of access, as shown on the amended plan sheets hereinafter set out, are for a public purpose and are necessary for the construction of projects.

The right of way, construction and drainage easements and control of access are hereby revised as shown on the plan sheets incorporated herein as an addendum, said projects, date of original final approval, and revised right of way, easements and access being as follows:

MEMORANDUM TO: Board of Transportation

FROM: Transportation Planning Branch

SUBJECT: Submission of the Gaston-Cleveland-Lincoln Metropolitan Planning Organization Comprehensive Transportation Plan for Mutual Adoption by the Board of Transportation

The Transportation Planning Branch has worked cooperatively with the Gaston-Cleveland-Lincoln Metropolitan Planning Organization on the development of a Comprehensive Transportation Plan (CTP). The plan was adopted by the Gaston-Cleveland-Lincoln Metropolitan Planning Organization on December 7, 2016.

The plan is based on an analysis of existing and projected travel and land use, public involvement and field investigations of recommended improvements. It is located on the web at:

The Transportation Planning Branch recommends the mutual adoption of the Gaston-Cleveland-Lincoln Metropolitan Planning Organization Comprehensive Transportation Plan as shown on the attached map, with a recommendation date of February 13, 2017.

Sincerely,

[Signature]

According to Executive Order No. 2 and G. S. 143B-350 (g) the Board is requested to concur with staff recommendations and delegate authority to the Secretary to award contracts to private firms for engineering services.

Professional Services Management

Chief Engineer

After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ private firms for On-Call General Engineering Services for Division-Managed Projects on an as needed basis for various federal-aid and state funded projects to support the 14 Highway Divisions. These contracts will expire two (2) years (with a one (1) year extension option, as dictated by program funding and need for Division staff augmentation to deliver the workload) after the date of execution or after the contract amount has been depleted, whichever occurs first. Our staff has completed the actions for employing private firms in accordance with the policies and procedures adopted by the Board on May 7, 2009. These are for information only.

### Corrections:

- **Division 7 – Rockingham County – SR 1542, Holland** is listed on current GIS linework as 0.17 miles and 0.21 miles per petition documentation however, the correct total length should be listed as 0.42 miles.

- **Division 7 – Rockingham County – SR 2399, Bryant Road** was added in 1945 for 0.90 miles. The correct mileage should be 1.04.

### Summary:

- Number of Roads Petitioned for Addition – 53
- Number of Roads Petitioned for Abandonment – 2

**18-CT-080 Western Piedmont Regional Transportation Authority** will use administrative funds to pay for non-operating administrative expenses incurred in FY 2018. WPRTA is a consolidated urban-rural system. The WPRTA Administrative expenses will be split between rural and urban eligible expenses. The split will be calculated based on urban-rural miles and hours from FY 2016 OPSTAT report. The 5311 Operating grant will assist WPRTA in paying for the rural operating expenses for deviated fixed routes and demand response incurred in FY 2018. These funds assist in serving passengers in the more densely populated rural areas to access shopping, pay bills, medical appointments and other destinations within the service area.

## Public Transportation Program

**Statewide**

**Statewide NEMT Interface Software**  PTD is working with the NCDHHS to implement an automated claims process. Pilot counties have been selected to create the interfaces required to upload the claims from our routing and scheduling software to NCTracks (DHHS Software). It involves County DHHS, County transit systems and NCDHHS. This cost will allow the remaining transit systems outside of the pilot to transition into the new billing requirements. (53 systems)

18-RS-901 Triangle J Council of Governments (TJCOG) is responsible for the overall Triangle TDM Program Planning and administration under contract to the Public Transportation Division. The Triangle 7-Year TDM Plan defines specific activities to enable the Triangle Region reach the state goal of reducing the Vehicle Miles Traveled (VMT) of single occupancy vehicles by 25%. TJCOG is requesting 100% in state funds to perform the administrative functions which include managing technical oversight and partnership committees, finalizing and managing administrative contract arrangement, developing and implementing application and allocation process for target area basic funding, developing and implementing application and allocation process for Competitive Call for Special Projects funding, developing and implementing quarterly and annual reporting process, and professional development of staff for TDM implementation and evaluation.

18-RS-901A Triangle J Council of Governments (TJCOG) is requesting funds to support the TDM Programs at North Carolina State University (NCSU), the University of North Carolina at Chapel Hill (UNC), the Durham and Wake Counties Research and Production Service District (SmartCommute@rtp), the Town of Chapel Hill/Carrboro, The City of Raleigh, Triangle Transit (which provides TDM programming for Durham and Wake Counties, and includes the Fortify initiative), Duke University, and Wake Technical Community College. Additionally, funds will support the Triangle J Best Places for Commuters program.

18-RS-120 Piedmont Authority for Regional Transportation (PART) will use TDM funds to support a wide range of mobility options and benefits for commuters and employers within Alamance, Davie, Davidson, Forsyth, Guilford, Randolph, Rockingham, Stokes, Surry and Yadkin counties. The overall goal of the TDM Program is to reduce the number of Vehicle Miles Traveled (VMT) in a single occupancy vehicle. This is done through a variety of activities including the Regional Call Center, employer outreach and support, vanpool leasing, carpool matching, travel training, guaranteed emergency ride home, Best Workplace for Commuters and the Triad Commute Challenge.
10 18-RS-102 City of Charlotte has developed a comprehensive TDM program that will continue to show public transit, vanpool, carpool, biking, walking, and telecommuting as viable alternative forms for transportation to commuting alone. The requested funds will be used to focus on educating the public about specific aspects of TDM that improve their lives, including environmental benefits and safety. Funds will also be used to work with businesses to offer transit benefits, increase membership in the Best Workplace for Commuter designation, as well as increase utilization of transit to the area universities and schools.

Preliminary Right of Way Plans

The Preliminary Right of Way Plans for the below projects, including Secondary Roads and Industrial Access Roads, provide for the construction, design, drainage and control of access as shown on the respective plans.

Based upon the recommendations of the Manager of the Right of Way Unit, the Board finds that such rights of way as shown on these preliminary plans and drawings, including existing public dedicated right of way, are for a public use and are necessary for the construction of said projects.

The rights of way for the location, construction, relocation, and control of access of highways embraced in the below projects shall be as shown in detail on the preliminary right of ways plans and drawings for said projects on file in the Right of Way Branch in the Department of Transportation in Raleigh.

The Board finds such right of way acquisition to be necessary and hereby authorizes the Right of Way Branch to acquire right of way on the below projects either by negotiation or by condemnation through the Attorney General's Office.

PRELIMINARY RIGHT OF WAY PLANS 20 PROJECT(S) $0.00
Final Right of Way Plans

Right of way acquisition in accordance with the preliminary right of way plans on file in the Right of Way Unit has been determined to be necessary for public use and was authorized by the Board. Certain changes in the right of way have necessitated alteration of the preliminary right of way plans. Final plans have been prepared and provide for the construction, design, drainage and control of access for these projects. The Board finds that such rights of way and control of access as shown on the final plans are for a public use and are necessary for construction. The sections of roads which were shown on the preliminary plans as sections of roads to be abandoned are hereby abandoned and removed from the State Highway System for Maintenance upon the completion and acceptance of the project.

The rights of way for the location, design and construction of highways embraced in the following projects shall be as shown in detail on the final plans for said projects as follows:

(Division 1)

Project No. 46479.2.1; Currituck County; I.D. No. B-5937:
Bridge Rehabilitation on Bridge No. 16 over Currituck Sound on US 158 EBL with the right of way indicated upon the final plans for said project.

FINAL RIGHT OF WAY PLANS 5 PROJECT(S) $0.00
Revisions of the Final Right of Way Plans

Right of way acquisition in accordance with the final right of way plans for the following projects has been determined to be necessary and authorized by the Board. Plans are on file at the Office of the Secretary to the Board of Transportation as an addendum to the minutes of the meetings hereinafter indicated.

Certain changes in right of way, construction and drainage easements, and control of access have been necessitated by alterations in the construction plans of these projects. Amended plan sheets for these projects have been prepared which provide for changes of certain right of way areas, construction and drainage easements and control of access.

The Board finds that the revised areas of right of way, construction and drainage easements and control of access, as shown on the amended plan sheets hereinafter set out, are for a public purpose and are necessary for the construction of projects.

The right of way, construction and drainage easements and control of access are hereby revised as shown on the plan sheets incorporated herein as an addendum, said projects, date of original final approval, and revised right of way, easements and access being as follows:
