BOARD OF TRANSPORTATION MEETING

June 4, 2020

As part of the Act to Provide Aid to North Carolinians In Response to Coronavirus Disease 2019 (COVID-19) Crisis, (S.L. 2020-3, SB 704) the General Assembly enacted modifications to the laws governing public bodies. The provisions are in Section 4.31 of the Act.

Chairman Fox stated that the June 4, 2020 meeting is considered a remote meeting and is being held in such way due to the restrictions in place pertaining to the COVID-19 pandemic. The Chairman stated the board meeting will be conducted using simultaneous communication today and based on the new law (General Statute §166A-19.24), the meeting will follow new parameters set out for remote meetings during certain declarations of emergency. New actions executed during the June 4, 2020 Board of Transportation meeting included:

- implementing a roll call voting system for all actions
- ensuring that the meeting minutes of the remote meeting reflect that the meeting was conducted by use of simultaneous communication, denoting the name of members participating by simultaneous communication, and recording when members join or leave the remote meeting

The Chairman reminded members that all chats, instant messages, texts, or other written communications between members of the Board regarding the transaction of the public business during this remote meeting are deemed a public record. As always, the meeting was properly noticed, and a live stream was provided for members of the public to access the meeting.

Call to Order

Chairman Fox called the meeting of the Board of Transportation to order at 9:04 a.m. on Thursday, June 4, 2020, in Raleigh, North Carolina with the following members present via conference call: Chairman Fox, Szlosberg-Landis, Jordan, Hunt, Mathis, Cody, Bowles, Tarleton, Debnam, Perkins, Lathrop, Zimmer, Alford, Tulloss, and Clarke were present.

Board members Taft, Moran and Pope were absent.

Ethics Statement

Chairman Fox read the Ethics Statement advising all members of the Board that may have any conflict of interest, or appearance of conflict, to refrain from participation in that particular item and to file the proper paperwork with the Secretary to the Board of Transportation.

Chairman Fox shared "In accordance with the State Government Ethics Act, Executive Order No. 2 issued on January 12, 2009, and N. C. G. S. §143B-350, it is the duty of every Board member to avoid both conflicts of interest and appearances of conflict."

"To comply with this statement and the State Ethics Law, I ask whether any Board member has a known conflict of interest or appearance of conflict with respect to any matters coming before the Board today."

"If so, please identify the conflict or appearance of conflict when the item appears on the agenda for consideration, refrain from any undue participation in the particular matter involved and sign before our notary the Declaration that has been provided to you for such purpose."

Approval – May 7, 2020 Board Meeting Minutes

Chairman Fox stated that the meeting minutes were distributed for review prior to the meeting. Chairman Fox stated if there are no additions or corrections, he would accept a motion to approve the meeting minutes from the May 7, 2020 Board of Transportation meeting. The meeting minutes were unanimously approved by the Board following a motion made by Board Member Tulloss and a second by Board Member Mathis.

Chairman Fox shared that he will now conduct a roll call for the vote on the action item. He explained to members that he will call each board member by name, he stated when you hear your name please respond to the action item up for consideration by saying either yes (or "aye") if you approve or no if you are opposed to the item.

Chairman Fox, Board members Szlosberg-Landis, Alford, Tulloss, Jordan, Hunt, Cody, Mathis, Bowles, Tarleton, Clarke, Debnam, Zimmer, Lathrop and Perkins all stated yes or aye on the motion.

Chairman Fox stated the motion passed.

Secretary Remarks

Secretary Boyette welcomed members of the Board, staff, and those listening to the livestream to the June Board meeting. He thanked all staff for continuing to work hard to provide critical transportation services for the residents and visitors of North Carolina.

Secretary Boyette mentioned he met with state legislators several times over the past month. He shared the Department is working with both members of the General Assembly and the congressional delegation to identify ways to replace the revenue we are missing out on with fewer drivers on our roads. He also shared the budget shortfall we are facing led to the difficult decision to implement department-wide furloughs of 20-30 hours, most of which will take place this month. The Department continues to look for any and all measures to help us reduce costs.

Ferry Services Increased

Secretary Boyette shared due to COVID-19 impacts the Department has been running a reduced schedule for the coastal ferries. On May 22nd trips were added to all ferries headed to and from Ocracoke, as well as Cherry Branch and Minnesott Beach, and Bayview and Aurora. He stated the demand will probably increase and we are continually monitoring ferry conditions and will make schedule adjustments as we're able to do so.

Madison County Rockslide

Secretary Boyette mentioned the current heavy rains caused a slide that sent rocks and boulders 200 feet downhill toward a section of U.S. 25/70 in Madison County, north of Asheville. The highway is closed indefinitely for the safety of the travelling public.

Employee Recognition

Secretary Boyette acknowledged Jerry Jennings, Division One Engineer, who retired from the department June 1. Mr. Jennings devoted 29 years to DOT. He served in a variety of roles over the years and has been instrumental in helping maintain and improve the transportation network in the 14 counties that make up Highway Division One in northeastern North Carolina.

Secretary Boyette shared that Sterling Baker, the Division One Deputy Engineer, will be the Division One Engineer moving forward. Sterling has been with DOT his entire professional career. Mr. Baker has 24 years at DOT which includes serving in various roles in Division One and two years as DOT's director of Facilities Management. Secretary Boyette thanked Mr. Jennings and Mr. Baker for all they do for the department.

The Secretary provided an update on the Supreme Court ruling on the Map Act. He stated the ruling provides direction moving forward and we appreciate the court's guidance. Our attorneys are reviewing the ruling, and it will inform our decisions moving forward as we work to settle the remaining Map Act cases.

Additionally, he acknowledged the work of the auditor and staff and stated that such reports make organizations better. The recent audit examined State Fiscal Year 2019. Since that time, we've implemented processes that address some of the recommendations, and we will continue to produce adequate financial reporting. Secretary Boyette thanked everyone for their work and shared that he is sure the department we will come through this pandemic a stronger and more efficient department.

Mileage-Based User Fee

Secretary Boyette reminded everyone there's still time to join and promote the Mileage-Based User Fee pilot program you received an email about last week. Enrollment was originally scheduled to close this week but is now extended to July 6. He thanked everyone who has already joined the pilot, and please invite others who are invested in the future of North Carolina Transportation to participate.

Departmental Update

Bobby Lewis, Chief Operating Officer, provided a Departmental update to the Board. Mr. Lewis provided specifics related to the Department's ongoing financial picture. Mr. Lewis mentioned for the month of May the Department has lost 40% anticipated motor fuel revenue. Mr. Lewis stated at this current time the General Assembly is working on a revised budget for the Department.

DELEGATED AUTHORITY ITEMS

Chairman Fox stated that items E, H, and L are delegated to the Secretary and require no formal action by the Board. There was not an item C or D on the agenda.

Product Evaluation Program Awareness

Chairman Fox noted that copies of this month's Product Evaluation Program Awareness update were provided to members of the Board for review.

Approval of Projects

Prior to acting on the project items, Chairman Fox stated to members of the Board as the Secretary mentioned earlier, that the project items presented today include several transportation authorizations to be considered for approval on a conditional basis. The Chairman emphasized to members of the Board that approval today is not a green light for letting these projects for expenditures; it is approval of the contract, only, so these projects can be let as soon as funding is available and the time is appropriate.

Recusals made by members of the Board on project items are noted below.

A motion was made by Board Member Tarleton and seconded by Board Member Perkins to approve all projects for items G, I-1, I-4, K, M, N, O, P and R. (excluding items E, H, and L as they are delegated authority items and require no formal board action).

Chairman Fox shared that he would conduct a roll call vote for the vote action item under consideration. He stated when I say your name, please say either yes or "aye" to indicate yes or if opposed, please say "no".

Chairman Fox, Vice Chair Szlosberg-Landis, Board members Alford, Tulloss, Jordan, Hunt, Cody, Mathis, Bowles, Tarleton, Clarke, Debnam, Zimmer, Overholt, Lathrop and Perkins all stated "aye" in favor of the motion.

Chairman Fox stated the motion passed.

Project Description

Airport Layout Plan Update

Division 1
Hyde County
Airport
Hyde County

This project will update the federally required planning document for Hyde County Airport including surveys for obstructions and safety criteria. The last plan is outdated by federal guidance. This funding request covers the required ten percent match through the Safety Enhancement Program. Not funding the match would put \$207,000 of federal funds at risk for expiration. [PR# 3079]

ITEM I - 4 SUMMARY – 1 PROJECTS – Total State Aid Cost \$23,000

*Project selection and approval for award pending cash balance exceeding statutory minimum
Costs are estimated. Only eligible costs within the project scope of work will be reimbursed.

RAIL

This Rail Intergovernmental Service Agreement (IGSA) sets out roles and responsibilities regarding the maintenance of traffic control devices on the Camp Lejeune Railroad. The Department is required by N.C.G.S, 136-20 (h) to pay railroads 50% of the annual maintenance costs of safety devices at all intersections of any railroad company and any State Highway System road or street. The cost is reviewed and adjusted every 5 years. This IGSA provides justification for reimbursement by the Department for said maintenance and sets out reimbursement details for FY 2020. The estimated cost to the Department is \$20,000.

RAIL

The Department and CSXT, on November 4, 2011, entered into a Master Engineering Agreement (MEA) which detailed the terms and conditions by which CSXT would proceed with necessary engineering and/or design services for various rail improvements within the State. The MEA stipulated that a request for CSXT to perform design review and/or work for each individual rail improvement project would be identified through a separate written agreement to the MEA. This Addendum #26 to the MEA provides the terms for CSXT to review the design plans for the construction of a connector road between Tory Path Road and Helms Road, the closure of the at-grade crossings at Tory Path Road and Helms Road, and the construction of an interim at-grade crossing at Helm Road in the vicinity of Waxhaw. The Department will prepare and submit the plans to CSXT for review and approval. CSXT will be responsible for the preparation of all plans for railroad improvements. The Department will reimburse CSXT 100% of the cost of work performed by CSXT. The estimated cost to the Department is \$50,000.

Preliminary Right of Way Plans

The Preliminary Right of Way Plans for the below projects, including Secondary Roads and Industrial Access Roads, provide for the construction, design, drainage and control of access as shown on the respective plans.

Based upon the recommendations of the Manager of the Right of Way Unit, the Board finds that such rights of way as shown on these preliminary plans and drawings, including existing public dedicated right of way, are for a public use and are necessary for the construction of said projects.

The rights of way for the location, construction, relocation, and control of access of highways embraced in the below projects shall be as shown in detail on the preliminary right of ways plans and drawings for said projects on file in the Right of Way Branch in the Department of Transportation in Raleigh.

The Board finds such right of way acquisition to be necessary and hereby authorizes the Right of Way Branch to acquire right of way on the below projects either by negotiation or by condemnation through the Attorney General's Office.

Final Right of Way Plans

Right of way acquisition in accordance with the preliminary right of way plans on file in the Right of Way Unit has been determined to be necessary for public use and was authorized by the Board. Certain changes in the right of way have necessitated alteration of the preliminary right of way plans. Final plans have been prepared and provide for the construction, design, drainage and control of access for these projects. The Board finds that such rights of way and control of access as shown on the final plans are for a public use and are necessary for construction. The sections of roads which were shown on the preliminary plans as sections of roads to be abandoned are hereby abandoned and removed from the State Highway System for Maintenance upon the completion and acceptance of the project.

The rights of way for the location, design and construction of highways embraced in the following projects shall be as shown in detail on the final plans for said projects as follows:

Revisions of the Final Right of Way Plans

Right of way acquisition in accordance with the final right of way plans for the following projects has been determined to be necessary and authorized by the Board. Plans are on file at the Office of the Secretary to the Board of Transportation as an addendum to the minutes of the meetings hereinafter indicated.

Certain changes in right of way, construction and drainage easements, and control of access have been necessitated by alterations in the construction plans of these projects. Amended plan sheets for these projects have been prepared which provide for changes of certain right of way areas, construction and drainage easements and control of access.

The Board finds that the revised areas of right of way, construction and drainage easements and control of access, as shown on the amended plan sheets hereinafter set out, are for a public purpose and are necessary for the construction of projects.

The right of way, construction and drainage easements and control of access are hereby revised as shown on the plan sheets incorporated herein as an addendum, said projects, date of original final approval, and revised right of way, easements and access being as follows:

(Division 7)

Project No. 34483.2.3; I.D. No. R-2612B; Guilford County:

Committee Reports

FAST Committee – Committee Chairman Lathrop provided a summary of the committee's meeting topics that included an update from Evan Rodewald, Chief Financial Officer (CFO), on the monthly cash and financial snapshot for the Department. Burt Tasaico presented the Transportation Revenue Forecast which explained NCDOT's current financial situation and discussed future financial recovery. Emily McGraw gave a presentation on Financial Recovery which discussed the various federal agencies NCDOT works with, the reimbursement process, and required documentation.

The Chairman reminded members of the Board that the next meeting is scheduled for June 24-25, 2020. The Chairman stated he is hopeful that there will be a time soon that the meetings may be back in Raleigh, but at this time we will continue to adhere to the pandemic precautions.

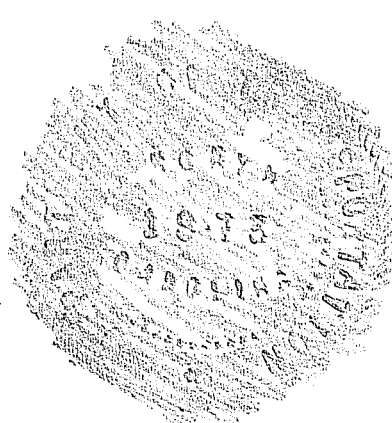

Adjournment

There being no further business of the Board, Chairman Fox accepted a motion from Board Member Alford, seconded by Board Member Debnam.

Chairman Fox shared that he will now conduct a roll call vote on the action item under consideration. When I say your name, please say either yes ("aye") to indicate yes or if opposed, please say "no".

Chairman Fox along with members Szlosberg-Landis, Alford, Tulloss, Jordan, Hunt, Cody, Mathis, Bowles, Tarleton, Clarke, Debnam, Overholt, Lathrop, Zimmer and Perkins all stated aye on the motion.

The meeting adjourned at 9:47 am.

Foundation Geotextiles has been extruding and weaving polypropylene yarns and designing geotextile products for over 40 at their manufacturing facility in Clarkesville, GA. The Foundation Geotextiles (FG27) product is approved as a NCDOT Type 5 Geotextile and is listed on the APL as NP19-8481. Foundation Geotextiles also has FG57 listed on the APL as an approved Pavement Stabilization Geotextile (NP19-8482). Both products are manufactured from high-tenacity polypropylene yarns, which are woven into a dimensionally stable network in such a manner that the yarns retain their relative position to one another. FG27 and FG57 both resist ultraviolet deterioration and biological degradation and is inert to most naturally encountered soil chemicals, alkalis, and acids. Both fabrics are National Transportation Product Evaluation Program (NTPEP) certified, and are produced in a standard roll of 15 x 300 ft. For more information, please visit: www.foundationgt.com/
