

1 19A NCAC 02D .0405 is proposed for repeal through readoption as follows:

2
3 **19A NCAC 02D .0405 EXAMPLES OF CONSTRUCTION AND MAINTENANCE ACTIVITIES**

4
5 Maintenance funds shall be used to keep a road or highway in its existing condition and traffic carrying capacity.
6 Construction funds shall be used in improving the road or highway so that its traffic carrying capacity is improved or
7 increased. Some examples are listed below:

- 8 (1) Roadway Maintenance
- 9 (a) mowing shoulders and right of way;
 - 10 (b) pulling or cleaning of roadway and drainage ditches;
 - 11 (c) cutting down shoulders and uniforming slopes;
 - 12 (d) machining unpaved roads;
 - 13 (e) adding surfacing material 2 inches or less in thickness on unpaved roads;
 - 14 (f) placing of dust laying materials;
 - 15 (g) patching pavements;
 - 16 (h) resurfacing 1 1/2 inches or less in thickness on paved roads;
 - 17 (i) snow and ice removal;
 - 18 (j) storm clean up;
 - 19 (k) replacing existing pipe culverts whether same size or not;
 - 20 (l) patching or replacing floors, rails or individual stringers on timber bridges;
 - 21 (m) placing of driveway pipe purchased by property owner.
- 22 (2) Landscape Maintenance
- 23 (a) periodic selective cutting on right of way;
 - 24 (b) periodic replanting or fertilization of shoulders and slopes;
 - 25 (c) maintenance of litter cans, picnic tables and rest areas.
- 26 (3) Traffic Services Maintenance
- 27 (a) maintenance of traffic control equipment including traffic signals, flashers, and special
28 signaling devices and their related equipment such as signal heads, cabinets, detectors,
29 and any other auxiliary equipment;
 - 30 (b) maintenance and replacement of signs, including posts and hardware;
 - 31 (c) installation of new signs when not otherwise provided for;
 - 32 (d) re-marking pavements, including center lines, lane lines, edge lines, pavement symbols
33 and messages, stop bars, crosswalks, etc;
 - 34 (e) new pavement markings when not otherwise provided for;
 - 35 (f) maintenance and replacement of traffic channelization devices, traffic islands and
36 curbing;
 - 37 (g) installation of spot traffic channelization devices, traffic islands and curbing.
- 38 (4) Roadway Construction
- 39 (a) adding surfacing material over 2 inches in thickness on unpaved roads;
 - 40 (b) resurfacing over 1 1/2 inches in thickness on paved roads;
 - 41 (c) widening unpaved roads;
 - 42 (d) widening existing pavement or shoulders;
 - 43 (e) widening or strengthening bridges or box culverts, extension of pipe culverts for widened
44 roadways;
 - 45 (f) construction or rebuilding of bridges;
 - 46 (g) placing of pipe culverts on improvement projects;
 - 47 (h) placing of storm drainage on existing roadways;
 - 48 (i) construction of curb and gutter;
 - 49 (j) all work and materials in the widening, improvement or relocation of a road;
 - 50 (k) state's part in participation paving which allows adjacent property owners to contribute to
51 the cost of paving or other improvement.
- 52 (5) Landscape Construction
- 53 (a) initial seeding of improvement or new road construction;
 - 54 (b) initial selective cutting;

- 1 ~~(e) — construction of rest areas or the addition of major facilities.~~
- 2 ~~(6) — Traffic Services Construction~~
- 3 ~~(a) — initial traffic signal installation and all other electrically operated traffic control devices;~~
- 4 ~~(b) — replacement of traffic signal controllers and any other major components of an~~
- 5 ~~electrically operated traffic control device;~~
- 6 ~~(c) — initial installation of signs;~~
- 7 ~~(d) — initial installation of pavement markings;~~
- 8 ~~(e) — channelization at intersections, traffic channelization devices, traffic island and curb~~
- 9 ~~projects which are considered a construction project;~~
- 10 ~~_____ (f) — pavement widening for additional travel or turning lanes in connection with intersection~~
- 11 ~~improvements.~~

12 ~~Note: — Where any of the above items in traffic services construction are involved as a part of a construction or~~
13 ~~improvement project, the work shall be charged to and funded from the same source as is applicable to the~~
14 ~~remainder of the project.~~
