# DIVISION 7 HEADLINES

## INTERSTATE UPGRADES

Several planned projects will change how people travel in southern Hillsborough. NCDOT plans to widen South Churton/Old N.C. 86 from Interstate 40 north to the Eno River. The goal is to relieve congestion and delays on South Churton and provide north-south pedestrian and bicycle connectivity. Construction is scheduled for 2025. Starting in 2021, NCDOT also will help fund construction of a Hillsborough train station on the North Carolina Railroad line, to give the area a new stop for the *Carolinian* and *Piedmont* passenger trains.

Major improvement projects are scheduled for Interstates 40 and 85 in Orange County to improve mobility and safety in the Durham-Chapel Hill-Hillsborough corridor. NCDOT plans to widen I-40 to six lanes between I-85 and the Durham County line, with construction to begin in 2022. The N.C. 86 interchange will also be improved. There are plans to add lanes to I-85 between the I-40 split and the Durham County line, with construction tentatively set for FY 2029.

## HILLSBOROUGH BIKE, RAIL AND STREET IMPROVEMENTS

## GREENSBORO URBAN LOOP

State and local leaders including Gov. Roy Cooper met in Greensboro on Nov. 7, 2019, to celebrate progress toward the completion of Greensboro's Urban Loop. A section of Interstate 840 between Bryan Boulevard and U.S. 220/Battleground Avenue was dedicated in memory of Doug Galyon, a former chairman of the N.C. Board of Transportation and its longest-serving member. Officials also cut a ribbon to open I-840 between U.S. 220/Battleground Avenue and Lawndale Drive. The final leg from Lawndale Drive to U.S. 29 is expected to be completed in 2022.
