

NOTICE OF A CITIZENS INFORMATIONAL WORKSHOP FOR  
THE PROPOSED MODIFICATION OF THE  
I-26 AND N.C. 191(BREVARD ROAD) INTERCHANGE

TIP Project No. I-5504

Buncombe County

The North Carolina Department of Transportation (NCDOT) proposes to modify the existing partial cloverleaf interchange at I-26/N.C. 191(Brevard Road) to an expanded interchange area, with either a diamond or partial cloverleaf ramp configuration. The Department is also considering widening the N.C. 191 bridge over I-26. Some local roads in the immediate vicinity are proposed to be re-routed permanently to accommodate the changes to N.C. 191.

The purpose of the project is to alleviate congestion at the interchange by increasing the interchange's efficiency. The need for the project is to address lengthy backups along the I-26 exit ramps in upcoming years.

NCDOT will hold a citizens' informational workshop for the above project on **Thursday April 18, 2013** from **4 p.m.** until **7 p.m.** at the **N.C. Arboretum – Education Center (Auditorium)**, located at **100 Frederick Law Olmsted Way** in **Asheville**. The typical entry fee charged by the N.C. Arboretum has been waived for anyone who attends the citizens' informational workshop.

Interested individuals may attend this informal workshop any time during the above hours. NCDOT representatives will display maps and be available to answer questions and receive comments. Comments and information received will be taken into consideration as work on the project develops. Please note that there will not be a formal presentation.
