The N.C. Department of Transportation will hold a public meeting on September 1st in Huntersville to inform citizens of a proposed project to upgrade the interchange on I-77 at Gilead Road in Huntersville to a Diverging Diamond Interchange.

The purpose of this project is to reduce delay and congestion at the I-77/Gilead Road (S.R. 2136) interchange by reconfiguring the interchange. The reconfigured interchange would reduce delay and conflict points by eliminating turns across opposing traffic.
