NOTE
Full Control of Access is defined as a connection to a facility provided only via ramps at interchanges. All cross-roads are grade separated. No private driveway connections are allowed.
NOTE
Full Control of Access is defined as one access point per parcel. For properties with large road frontages (for example, 2000 feet or more), an additional access point may be provided. For properties with multiple accesses, such as via a side road, access to US 158 may be eliminated.
