NOTE:
Full Control of Access is defined as a connection to a facility provided only via ramps at interchanges. All cross-streets are grade-separated. No private driveway connections are allowed.

NOTE:
Partial Control of Access is defined as one access point per parcel. For properties with large road frontages (greater than 1000 feet), more than one access point may be considered. For properties that have access, such as via a side road, access to US 158 may be eliminated.
