Mail Service Center, Raleigh,
NC 27699
Phone: (919) 715-8797
E-Mail: dhavener@ncdot.gov

Project Information

The N.C. Department of Transportation will hold an informal public meeting regarding a proposed railway crossing closure on Henderson Grove Church Road (S.R. 1526) in Salisbury.

The purpose of the meeting is to inform the public about the proposed project. This closure is proposed due to low traffic volume, past accident history, and an expected increase in future rail traffic. The proposed closing of this crossing is part of an effort to reduce the number of redundant and/or unsafe rail-highway at-grade crossings nationwide. The crossing will stay open until a new proposed access road is built between Henderson Grove Church Road and Julian Road.

Citizens may stop by at their convenience; there will not be a formal presentation. Maps will be available to review and NCDOT representatives will be available to answer questions and receive comments. Written comments or questions can also be submitted at the meeting or later by March 20th. More information can be found at <http://www.ncdot.gov/projects/publicmeetings/>

NCDOT will provide auxiliary aids and services under the Americans with Disabilities Act for disabled persons who want to participate in this meeting. Anyone requiring special services should contact Anamika Laad at alaad@ncdot.gov or 919-707-6072 as early as possible so that arrangements can be made.

NCDOT will provide interpretive services upon request for persons who do not speak English, or have a limited ability to read, speak or understand English. Kindly request it prior to the meeting by calling 1-800-481-6494.

NCDOT Mission: Connecting people and places safely and efficiently, with accountability and environmental sensitivity to enhance the economy, health and well-being of North Carolina.
