Hurricane Preparedness

With hurricane season underway, NCDOT is preparing for potential future storms. Crews across the state are ensuring equipment and vehicles are running properly and taking inventory of important signage as well.

In the case of an event, our crews will be ready, and we want you to be ready, too.

Use DriveNC.gov, which provides real-time travel information for North Carolina. During major storms, NCDOT updates the site to include the latest weather-related impacts to transportation.

NCDMV Resumes Saturday Hours

The N.C. Division of Motor Vehicles has resumed Saturday hours at 20 driver license offices across the state.

Services will be provided from 8 a.m. - noon Saturdays through Aug. 20.

Customers are still encouraged to utilize the [NCDMV's online services](#) for various needs, including but not limited to renewing or ordering duplicates of driver licenses and ID cards, address changes and voter registration cards.

100 Deadliest Days of Summer
Begin

100 DEADLIEST DAYS

Distractions can be deadly. Limit the number of passengers your teen can have in their car.

The period between Memorial Day and Labor Day is nationally recognized as the most dangerous time of year for teen drivers.

In 2021 alone, nearly 14,000 crashes in North Carolina involved teen drivers. The Governor's Highway Safety Program and its partners are working to promote safer driving habits among teens.

You can help make a difference. Start a conversation with a teen you know about the importance of safe driving. Encourage them to take advantage of the NCDMV's Graduated Driver License (GDL) program, which helps young drivers gain experience under safer conditions.

Together, we can help reduce teen crashes and save lives.
