The N.C. Department of Transportation will hold a public meeting regarding the proposed project to replace Bridge No. 126 over Smith Creek on Ligon Mill Road (S.R. 2044) in Wake Forest. The meeting will take place on Tuesday, March 14, 2017 from 5 p.m. to 7 p.m. at the Richland Creek Community Church Fellowship Hall located at 3229 Burlington Mills Road in Wake Forest.

Project B-5318 proposes to construct the replacement bridge on new location east of the existing bridge. The proposed bridge accommodates a future greenway along Smith Creek. It is proposed to maintain traffic on the existing bridge during construction.

The purpose of this project is to provide safer and more efficient traffic operations. The existing bridge is considered structurally deficient and functionally obsolete according to Federal Highway Administration standards.

The public may attend at any time during the above mentioned hours. NCDOT representatives will be available to answer questions and listen to comments regarding the project. The opportunity to submit written comments will also be provided at the meeting or via phone, email, or mail by March 29, 2017.
