

A

Detour A will be used when southbound Capital Boulevard under Wade Avenue is closed. Traffic will be detoured around the closure using the existing southbound Wade Avenue interchange ramps and crossing Wade Avenue near the railroad. During construction, Wade Avenue will be modified to allow this southbound movement across the median. More information on this closure is in box 1 to the right.

The southbound Fairview Road flyover ramp will be closed during the entire construction duration. The northbound Fairview Road flyover ramp and the slip ramp from the business access road to southbound Capital Boulevard will remain open.

1 Southbound Capital Boulevard

Use Detour **A**

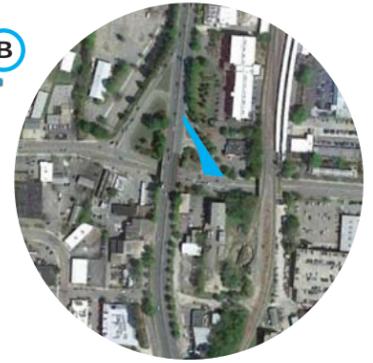

- Remove and replace pavement in area 1
- Traffic to be detoured
- Southbound lanes will be closed from 9:00 pm Friday until 6:00 am Monday during this phase of construction

2 Northbound On Ramp at Peace Street

Use Detour **B**

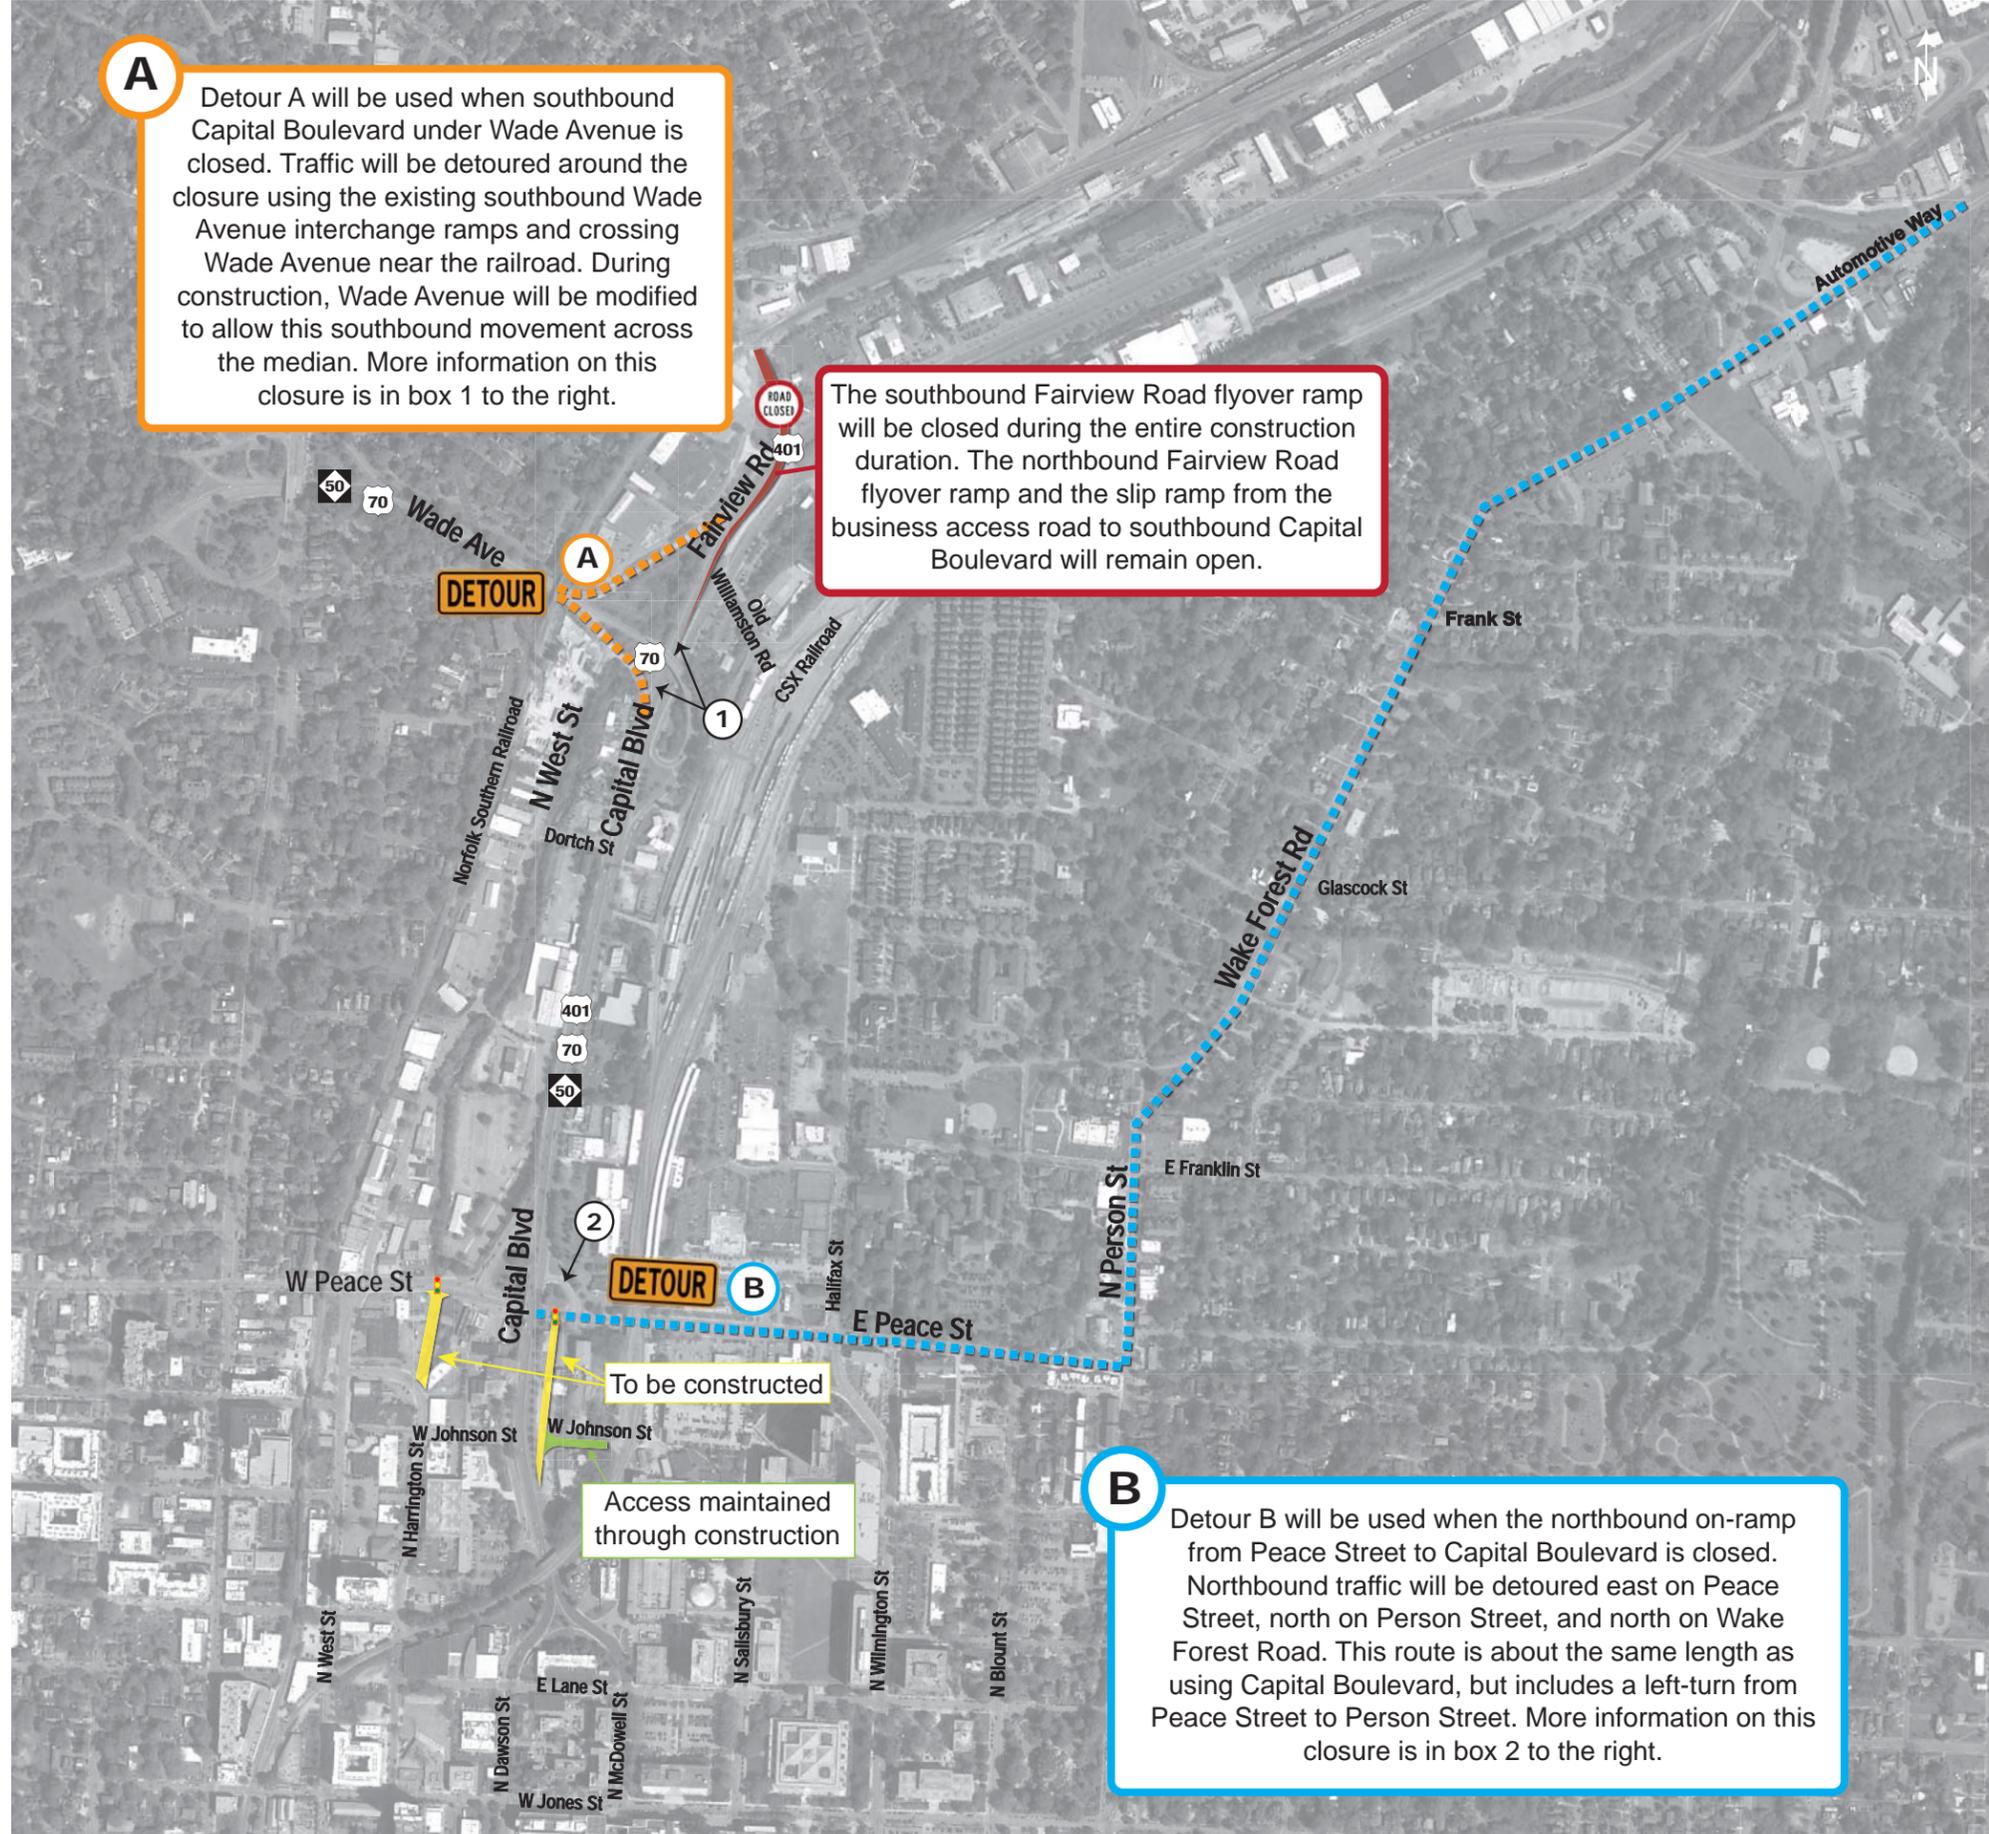

- Temporary road closures will be required with traffic being detoured
- Road closure of up to 90 days will be allowed to complete construction

B

Detour B will be used when the northbound on-ramp from Peace Street to Capital Boulevard is closed. Northbound traffic will be detoured east on Peace Street, north on Person Street, and north on Wake Forest Road. This route is about the same length as using Capital Boulevard, but includes a left-turn from Peace Street to Person Street. More information on this closure is in box 2 to the right.

To be constructed

Access maintained through construction
