

**C** Detour C will be used when southbound Capital Boulevard south of Wade Avenue is closed. Traffic will be detoured around the closure using the existing southbound Wade Avenue off-ramp. Drivers will cross Wade Avenue near the railroad and then use a short segment of West and Dortch Streets to get back onto Capital Boulevard. During construction, Wade Avenue will be modified to allow this southbound movement across the median. More information on this closure is in box 1 to the right.

The southbound Fairview Road flyover ramp will be closed during the entire construction duration. The northbound Fairview Road flyover ramp and the slip ramp from the business access road to southbound Capital Boulevard will remain open.

**D** Detour D will be used when southbound Capital Boulevard from the Peace Street interchange to the CSX Railroad underpass is closed. Traffic will be detoured around the closure using the southbound Peace Street off-ramp. Drivers will go one block west on Peace Street then 0.4 miles south on West Street, turning left onto Jones Street to get back to Dawson and McDowell Streets. More information on this closure is in box 2 to the right.
