Raleigh, North Carolina 27699-1548
(919) 733-3141

The proposed project consists of improvements to the Stantonsburg Road (US 264 Business)/ Memorial Drive (NC 11) corridor in Pitt County, southwest of the city of Greenville. This statement documents the need for improvements to the existing corridor and the planning process leading to the selection of the detailed study corridors. Existing and projected conditions in the study area are described and alternatives are evaluated in terms of environmental consequences, socioeconomic impacts, compatibility with local planning goals, and public opinion.

A Draft Environmental Impact Statement was approved on July 11, 2006, evaluating the No-Build and Build Alternatives for improvements to the Stantonsburg Road (US 264 Business)/ Memorial Drive (NC 11) corridor. All alternatives were evaluated with respect to costs, social, and economic impacts and environmental consequences. A Preferred Alternative is designated in this State Final Environmental Impact Statement.

Comments on the Final EIS are due by _____ and should be sent to Mr. Thorpe at the above address.
