Your opinions about this project are important to us. Please use the space below to include your comments or questions. If you need additional space, please take additional sheets or you may include your own letter.

1. Which project development issues are important to you and your community and should be examined in this study? These might include natural resources (protected species, streams, wetlands), neighborhoods and communities, noise, visual impacts, economic development and land use, cultural resources such as historic sites, etc.

2. Based on the maps displayed at the workshops, which alternative do you feel would best serve transportation needs in the project area? Are there additional alternatives that you think should be considered?

3. What do you perceive are the transportation problems in the project area?

4. How much do you agree with the proposed purposes of the project: (Please place a check in the appropriate box.)

Purpose	Very Much	Somewhat	A Little	Not at All
Improving mobility in the project area				
Enhancing connectivity in the project area				
Expanding the link in the Raleigh Outer Loop System				
Decreasing commute times / enhancing livability				

5. When you think about the potential impacts of this project, please tell us how concerned you are with each of the following. (Please place a check in the appropriate box.)

Impact	Very Much	Somewhat	A Little	Not at All
Potential impacts to the environment				
Potential impacts to local residents				
Potential impacts to local businesses				
The construction schedule				
Traffic congestion				
Growth in the area				
Project delay				

6. Other comments or questions (use additional sheets if necessary)
