**Your input is important to us!** Please use the space below and on back to include your comments or questions. You can place this form in the COMMENT DROP BOX. Or, you can send written comments to: Jennifer Harris, PE, NC Turnpike Authority, 5400 Glenwood Avenue, Suite 400, Raleigh, NC 27612. You can also fax comments to 919-571-3015 or send via e-mail to [gaston@ncturnpike.org](mailto:gaston@ncturnpike.org).

**1. Do you have any questions or comments on the project's purpose and need?**

**2. Do you have any questions or comments on any of the Detailed Study Alternatives, or the decision to eliminate the corridor segment through the Allen Steam Station's fly ash basin (Corridor Segment K1D)?**

**3. Do you have any questions or comments regarding charging tolls to help fund the road's construction and to pay for ongoing operations and upkeep of the road?**

**4. The NC Turnpike Authority (NCTA) is considering not including a project interchange at US 29-74 due to the presence of wetlands and floodplains and the proximity to I-85. Do you think this interchange is important to keep as part of the project?**
