

PROJECT UPDATE MAY AFFECT YOU

Modification to project – U.S. 401 and Ligon Mill/Mitchell Mill

State Transportation Improvement Program (STIP) Project No. **U-5748**

Wake County

The N.C. Department of Transportation is planning to upgrade the intersection of U.S. 401 (Louisburg Road) at Ligon Mill Road and Mitchell Mill Road to reduce congestion and improve traffic in the area.

To improve traffic flow along the corridor, NCDOT has expanded the project limits to include improvements at the intersection of Perry Creek Road and U.S. 401.

The improvements include changing the intersection at Perry Creek Road and U.S. 401 to a Reduced Conflict Intersection. The existing signal at this intersection will remain.

Contact NCDOT as soon as possible if you require any accommodations under the **Americans with Disabilities Act** to participate in the process.
