

1 19A NCAC 02E .0303 is proposed for readoption without substantive changes as follows:

2
3 **19A NCAC 02E .0303 FEES**

4 (a) ~~The application fee for the Application for Junkyard payment shall be fifteen dollars (\$15.00).—An initial fee of~~
5 ~~fifteen dollars (\$15.00) shall be paid upon each application for a junkyard permit to cover the administrative and~~
6 ~~inspection costs.~~

7 (b) The Application for Junkyard Permit is available from the Division Engineer having jurisdiction in the county
8 where the proposed or existing junkyard is located. The Application for Junkyard Permit allows an applicant to request
9 a permit number for the establishment or continued maintenance of a junkyard in accordance with the provisions of
10 the Junkyard Control Act, Article 12, Chapter 136 of the General Statutes of North Carolina (Junkyard Control Act).

11 Applications for Junkyard Permits shall require the applicant to provide the following information:

- 12 (1) applicant's name and address;
13 (2) whether the junkyard is proposed or already existing;
14 (3) if already existing, the date the junkyard was established;
15 (4) the proposed or already existing location of the junkyard; and
16 (5) certification by the applicant that approval for the proposed or already existing junkyard operations
17 have been obtained from the owner of the real property, or the property owner's authorized agent,
18 on which the junkyard is located or proposed to be located.

19 (c) Permit numbers shall only be provided to an applicant upon payment of the application fee, and approval by the
20 District Engineer that the junkyard is in compliance with the Junkyard Control Act. If the junkyard is proposed,
21 meaning the Application for Junkyard Permit is to establish a junkyard, the Division Engineer will keep the application
22 on file at the district office. Once the junkyard is in existence, the District Engineer shall approve the Application for
23 Junkyard Permit if, upon inspection, the junkyard is found to conform to the provisions of the Junkyard Control Act.

24 (d) An annual renewal of each permit shall be required to maintain junkyards within 1,000 feet of the ~~right-of-way~~
25 right-of-way of interstate and federal-aid primary highways. In December of each year, the Department will send to
26 the permittee a renewal invoice for payment of the junkyard permit annual renewal fee. The renewal fee shall be five
27 dollars (\$5.00), due on December 15th of each year, and paid to the District Engineer having jurisdiction. The permit
28 shall be renewed upon payment of the annual renewal fee.—A renewal fee of five dollars (\$5.00) shall be paid for each
29 application for an annual renewal of the permit.

30 (e) ~~The annual renewal fee shall be paid by the junkyard owner on December 15th of each year to the appropriate~~
31 ~~district engineer. The Division of Highways of the Department of Transportation shall, without request, send a~~
32 ~~statement, to each owner of a junkyard with a valid permit, for the annual renewal fee unless the appropriate district~~
33 ~~engineer is notified in writing by the owner of the junkyard of his desire not to renew a specific valid junkyard permit.~~
