

Public Meeting
January 23, 2018
4pm-7pm

North Carolina Department
of Transportation

STIP Project No. U-5835

Improvements to U.S. 221 Business from U.S.
221/N.C. 226 to Georgia Avenue in Marion

About the Project

The N.C. Department of Transportation is proposing to improve U.S. 221 Business from U.S. 221/N.C. 226 to Georgia Avenue in Marion.

- The proposed project will improve U.S. 221 to provide three lanes with curb & gutter, bicycle lanes, and sidewalk from Georgia Avenue to U.S. 221/N.C. 226. The proposed sidewalk will be located on the east side of U.S. 221 Business.
- The purpose of the project is to improve traffic operations and reduce accidents along the corridor, as well as to improve bicycle and pedestrian safety.

Public Involvement

Public involvement is an important part of the project development process. The N.C. Department of Transportation encourages citizen involvement on transportation projects, and will consider your suggestions and address your concerns.

It is important that you understand the project and improvements being proposed, the basis for making the proposed improvements and that you have the opportunity to provide input on the proposal.

Today's meeting is another important step in NCDOT's efforts to keep you, the public, involved.

Comments and questions should be submitted on or before February 9, 2018.
