

PUBLIC MEETING

Widening of South Churton Street from I-40 to Orange Grove Road in Hillsborough, Orange County

STIP Project No. U-5845

January 8, 2019

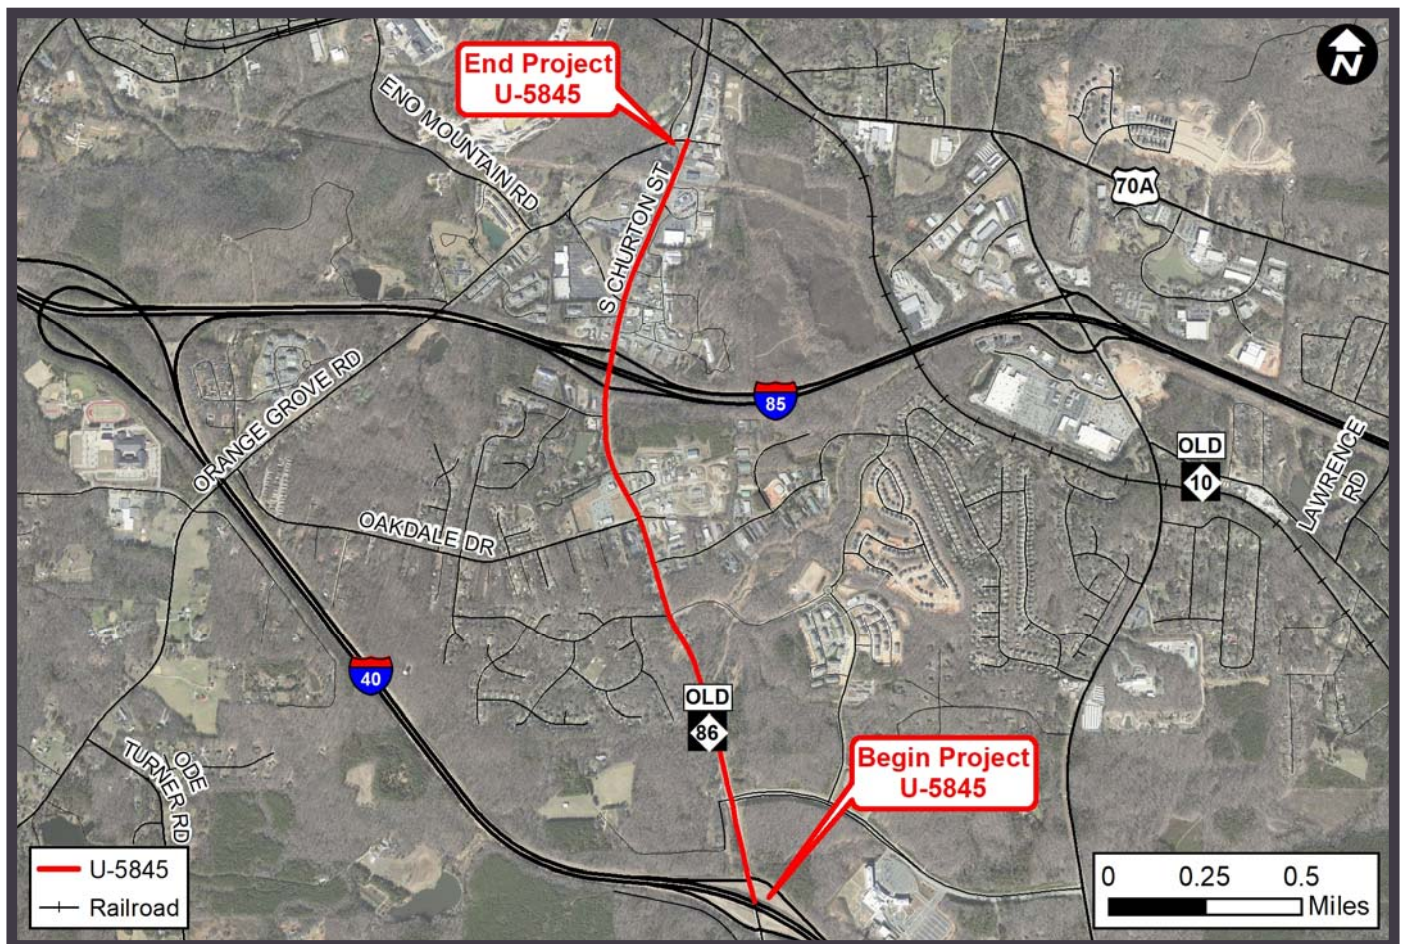

Project Description

The N.C. Department of Transportation and the Town of Hillsborough are proposing to widen South Churton Street / Old N.C. 86 (S.R. 1009) from I-40 to Orange Grove Road (S.R. 1006) in Hillsborough, Orange County as part of State Transportation Improvement Program (STIP) Project No. U-5845. Currently, the corridor has two lanes with a center two-way left turn lane. The project proposes to widen the road to four lanes (two in each direction) with a median (see figure on page 2). Sidewalks and bike lanes are proposed on both sides of the road pending a cost sharing agreement with the Town of Hillsborough. NCDOT initially studied improvements on South Churton Street from I-40 to south of the Eno River. Based on projected traffic volumes, no improvements are recommended north of Orange Grove Road.

The **purpose of this project** is to:

- Relieve congestion and delays on South Churton Street.
- Provide north-south pedestrian and bicycle connectivity. There are currently no bike lanes and only a few sidewalk segments running north-south through southern Hillsborough.

This project is being planned in conjunction with NCDOT STIP Project No. U-5848, which proposes extending Orange Grove Road (S.R. 1006) to U.S. 70A.

Connecting people, products, and places safely and efficiently with customer focus, accountability and environmental sensitivity to enhance the economy and vitality of North Carolina.

PUBLIC MEETING

Widening of South Churton Street from I-40 to Orange Grove Road in Hillsborough, Orange County

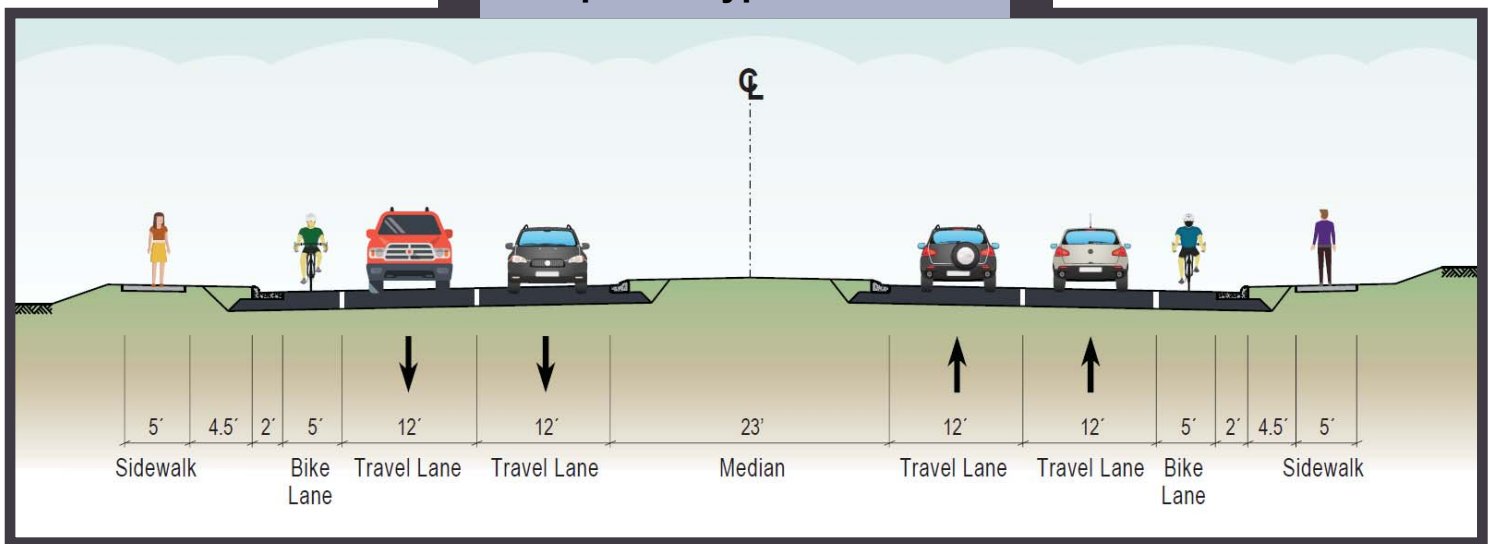

STIP Project No. U-5845

January 8, 2019

Purpose of Tonight's Meeting

The purpose of the public meeting is to provide information on the project and gather input from the public on the proposed design. The comments received will be considered by the project team as the designs move forward. You can use the attached comment sheet to submit comments in the comment box at tonight's meeting or you can submit comments via mail or email to Gene Tarascio **no later than January 25, 2019.**

South Churton Street Proposed Typical Section

Project Costs

The current estimated cost in the STIP is \$9,251,000 for right-of-way acquisition, \$1,110,000 for utility relocation, \$39,390,000 for construction, and \$2,500,000 of previous years cost, with a total projected cost of \$52,251,000. The estimates are preliminary and are subject to change.

Next Steps

The maps from tonight's meeting as well as other project information and materials can be found on the NCDOT Public Meetings website at:

www.ncdot.gov/projects/publicmeetings

The anticipated schedule for this project is as follows:

- Environmental Document — *Fall 2019*
- Begin Right of Way Acquisition — *Fiscal Year 2022*
- Begin Construction — *Fiscal Year 2024*
